MEMO TO: J. Carter Napier City Manager

FROM: Jill Johnson, CPA, Financial Services Director
Brandy Coyle, Accounts Receivable Supervisor

SUBJECT: Explanation of how we set the sewer rate for snowbird customers.

During the discussion regarding the proposed changes to Chapter 13.03 Utility Billing and Collection of City Ordinance, Council inquired about how we set the sewer rate for snowbird customers. Snowbirds are those who vacate the property during the winter months.

The city has less than fifty total snowbirds annually and there are two types of snowbirds. The first type consists of snowbirds who choose to disconnect their services. They are typically well-established customers prior to becoming snowbirds. We utilize their previous sewer rate which was set using our current averaging model when reestablishing their services in the spring.

The second type involves those who do not choose to disconnect services. These accounts are processed through the normal system-generated rate evaluation using the January, February, and March water usage to find an average usage amount to set the sewer rate. Due to zero usage during those months, the system will establish a rate of 2,000 gallons for sewer, which aligns with the current minimum usage charges set by the rate model resolution. Household occupancy for Snowbirds is typically one or two individuals not large families with higher standard usage amounts. Therefore 2,000 gallons is likely a realistic average usage that is processed by our Wastewater Treatment Plant.

MEMO TO: Carter Napier, City Manager

FROM: Zulima Lopez, Parks, Recreation and Public Facilities Director
Jason Ostlund, Interim Recreation Manager
Edwin Luers, Recreation Supervisor - Aquatics

SUBJECT: Aquatics Follow-up Items for City Council

Action Type
Information Only

Summary
At the City Council Work Session on September 26, 2023, Councilor Gamroth requested a copy of the spreadsheets that were presented for the Aquatics Fund 5 Year Business Plans. The spreadsheets are attached for reference. Note that the slide showing the FY23 Actuals and FY24 Budget for the fund was modified to include requested information on the three different subsidy contributions that are made to the Aquatics Fund. This information was detailed further in a memorandum from Jill Johnson, Financial Services Director, also included in this packet.

MEMO TO: J. Carter Napier, City Manager
 FROM: Jill Johnson, CPA, Financial Services Director
 SUBJECT: Subsidy Allocations

In the work session on September 26, 2023, Counselor Gamroth requested information on funding the recreation subsidies.

Each year at budget time, the recreation enterprises develop the revenue and expense budget for each enterprise. With the exception of the Golf Course, the expenses to operate the enterprises exceed the revenue which is expected to be received. In order to balance the fund, a transfer in from another fund is required.

The Perpetual Care fund, which has a corpus of \$30,615,000, allocates 98% of the interest earned to the Operations Trust which provides support for the recreation enterprises (per Resolution 22-77). Based on the FY24 Perpetual Care estimated budgeted interest less budgeted expenses, a total of \$638,120 is available for allocation and 98% would be \$625,358 allocated to the subsidies.

Fund 103	Corpus	Allocation%	Interest	
Operations Trust	30,000,000.00	98%	625,358	
North Platte Park Trust	480,000.00	1.60%	10,210	To Bas
Urban Forestry Trust	135,000.00	0.40%	2,552	To Parks
	<u>30,615,000.00</u>		<u>638,120</u>	

			2024	
			Perpetual Care	Direct
			103	Distribution
				118
	Subsidy Needed			
Aquatics	203,854.00	9.86%	61,632	142,222
Ice Arena	268,617.00	12.99%	81,212	187,405
Rec Ctr	614,629.00	29.71%	185,823	428,806
Hogadon	241,219.00	11.66%	72,929	168,290

				2,068,432
Interest Available for Operations		625,358.00		

After all interest has been allocated from Perpetual Care, the subsidy balance, if any, is offset with Direct Distribution funds.

A new Bus Shelter was recently installed at the Rescue Mission.

It was funded with a \$24K grant from WYDOT, and the \$6K match came from the City's capital reserves.

Service will be starting within the next couple of months as the Transit team revises the Green Route to accommodate the new stop, while having to compensate for temporary delays resulting from the F Street bridge project.

The shelter has solar-power lighting, which is a new trend.

Special thanks to our Parks Division for pouring the concrete pad, and our Engineering Division for managing the shelter assembly and installation.

- Liz

Boards & Commissions are responsible for filling openings on their boards. They must advertise the opening, interview, and then receive City Council approval. The board/commission will need to submit the following documentation for approval at a regular Council meeting.

A memo that includes the following information:

- Total number of applicants.
- How many applicants were interviewed?
- Why this applicant was selected.
- Include information about the term - is this a full or a partial term, is this their first term or are they being reappointed.
- Include the beginning and ending dates of this term.

Attach the following documents to the memo:

- Name of publication and copy of advertisement that announced opening and requested applications, as well as the dates advertised.
- Copy of all resumes submitted for board opening.
