Casper Ice Arena Ice Chiller System Replacement, Project No. 15-58

Action Type:

Council Direction

Recommendation:

That Council, by Resolution, authorize Amendment No. 2 at their November 6, 2018 Council Meeting to the Contract for Professional Services with Stevens Engineering, Inc., for additional services related to the Casper Ice Center Chiller System Replacement, Project No. 15-58, in the amount of \$51,700.

Summary:

The Casper Ice Arena currently uses a direct ice chilling system with R22 Freon (R22) as the cooling medium. R22 is becoming more costly, non-sustainable, and will stop being manufactured for sale in the year 2020. Along with needing R22 for operation, the current system has operated for nearly thirty (30) years, and, because of continuous maintenance and many recent system repairs, it is in need of replacement. A new indirect, ammonia system is expected to replace the current system.

Stevens Engineering, Inc. is currently under contract for design and construction administration services for the Casper Ice Arena Chiller System Replacement Project for \$113,800. The project has opened bids twice, first in November 2016 and again in January 2017. Both bids were rejected due to the bid prices exceeding the allowed budget.

Amendment No. 2 includes additional engineering, architectural services, and bid document updates for the project to include relocation, refurbishment and reuse of the existing ammonia ice chilling equipment at the Casper Events Center to replace the existing R22 system at the Casper Ice Arena. The new design will include a new building required to house the reused ice chilling equipment at the Ice Arena. The reused equipment is expected to be capable of serving a future, 2nd sheet of ice at the Ice Arena and will be stubbed out to facilitate future expansion. Stevens Engineering, Inc. has provided a fee of \$51,700 for this additional work. The construction improvements are anticipated to be completed by October 2019.

Financial Considerations

Funding for this project will come from Optional 1%#15 Sales Taxes allocated for the FY16 Ice Arena Ice Making System Replacement. Utilizing the ice chilling equipment from the Casper Events Center is expected to save \$250,000.

RE: Casper Ice Arena – Ice Chiller System Replacement Project
Additional Services Request No. 2 – Redesign Services for Using Existing Refrigeration System

Dear Mr. Sveda:

The City would like to pursue the option of reusing the existing ammonia refrigeration package from the Event Center and relocating it in a new refrigeration room at the Casper Ice Arena. The project will include building a new refrigeration room attached to the Casper Ice Arena large enough to house the existing refrigeration package from the Event Center. The refrigeration equipment on the existing refrigeration system will be modified/redesigned so the system can serve the existing Casper Ice Arena ice rink and prepped to serve a future, second, ice rink if possible.

We are requesting the additional lump sum fee for designing this project.
Stevens PM and Ice System Design only (CA in original agreement) = \$16,600
Nelson Rudie – MEP Design only = \$6,400
GSG Architecture – Architectural and Structural Engineering Design and CA = \$28,700
Total additional fee requested = \$51,700

We will revise the existing construction documents for this change, incorporate the alternate bids and addendum items into the documents from the previous bid phase activities, and provide bidding services outlined in our original proposal (excluding the site visit). Services will be provided in accordance with our agreement dated January, 2016.

If this proposal meets with your approval and is consistent with your understanding, please sign and return by mail an original copy of this letter. We appreciate the opportunity to continue working with you and the City of Casper on this project. If you have any questions, please feel free to call me anytime. Our office number is 800.822.7670 and my mobile is 651.492.1376.

Sincerely,

Agreed to and accepted,

STEVENS

SUBJECT: Authorizing Submission of a Wyoming Business Council Community Readiness Grant in an amount up to \$3,000,000 for the Midwest Avenue Reconstruction – Elm Street to Walnut Street, Project 18-072.

Meeting Type & Date
Council Work Session
October 23, 2018

Recommendation

That Council authorize the submission of a Wyoming Business Council grant in an amount up to \$3,000,000 for the Midwest Avenue Reconstruction – Elm Street to Walnut Street, Project 18-072.

Summary

The Midwest Avenue Reconstruction - Elm Street to Walnut Street, project is for full reconstruction, including improvements to the storm water collection system, water main replacement, and sanitary sewer replacement. The project is intended to enhance the appearance of downtown, make it more pedestrian and bicycle friendly, improve traffic flow, and spur redevelopment along this corridor. This project is the second phase of the Midwest Avenue reconstruction that will ultimately include the reconstruction of Midwest Avenue all the way to Poplar Street.

Grant funds up to \$3,000,000 are available from the Wyoming Business Council for Community Readiness Projects. The Midwest Avenue reconstruction project qualifies for this grant. The grant requires a local match of 10% which will be provided from the one cent funds allocated in the FY19 budget for the project.

A public hearing will be held November 2nd, 2018, at 2pm in the Downstairs Meeting Room at Casper City Hall to solicit comments and input from the public and adjoining property owners regarding the project. Comments made at the public hearing, and written comments submitted before 5pm on November 5th, 2018, will be taken into consideration before considering a resolution in support of submitting an application for a 2019 BRC Community Readiness Grant Award.

Financial Considerations

The reconstruction of Midwest Avenue between Elm Street and Walnut Street is expected to cost \$3,145,000. Up to \$3,000,000 is expected to come from the Wyoming Business Council Community Readiness grant. The City of Casper will also apply for a Wyoming Department of

Transportation TAP (Transportation Alternative Program) grant in the amount of \$350,000. The required matching funds will come from Optional One Cent #15 and One Cent #14 Sales Tax funds allocated to the project.

SUBJECT: Animal Care and Control Ordinance

Meeting Type & Date:

Work Session
October 23, 2018

Action Type
Ordinance

Recommendation

That Council approve an Ordinance to Repeal and Replace Chapter 6.04 Animal Care and Control of the Casper Municipal Code.

Summary

Chapter 6.04 of the Casper Municipal Code currently addresses the care and protection of animals. The need for the revision of this chapter began primarily due to the concern over a large number of dog attacks and bites. (See a listing of aggressive bites and/or behaviors shown as Exhibit 1 - for the timeframe between January 1, 2017 and June 27, 2018.) Additionally, a number of bites or attacks were due to the behavior of animals whose owners had other animals with vicious or aggressive behaviors, and/or the animals had exhibited vicious or aggressive behaviors multiple times, and the owner had not effectively secured the animal.

Some of the bites that this office has seen recently involve young children. On one occasion, a dog attacked a mother pushing a toddler in a stroller who also had a baby in a chest carrier. While the mother was able to maneuver the stroller in a way to protect the toddler, the dog then jumped up and bit the baby on the face, who was positioned on the mother's chest. In another attack on a small child, a toddler was on the floor of a box store and a lady brought in a dog which she had marked as a "service dog". The dog attacked the little girl, again biting her in full view of the owner of the dog, who in fact did not have a true service dog and who did not have a disability, at least as defined in the ADA, as best as anyone could tell.

In addition, there are also concerns about animals being treated cruelly. Therefore, there have also been revisions with respect to the care and treatment of animals, involving limited tethering, providing water, shade, appropriate shelter, and to provide some common sense restrictions on leaving animals in motor vehicles.

Financial Considerations

It is anticipated that this should be a revenue and expenditure neutral ordinance.

No person shall give away, offer for sale or barter any live animal, fish, reptile or bird as a prize for or as an inducement to enter any contest, game or competition, or as an inducement to enter a place of amusement or business, or offer such vertebrate as an incentive to enter any business agreement whereby the offer was the purpose of attracting trade.

6.04.210 - Animals in motor vehicles—Unlawful acts.

A. No person shall leave a dog unattended in the bed of a pickup truck in a public parking area unless the dog is restrained in such a manner as to prevent the dog from making physical contact with a pedestrian who is passing the truck in a place where that pedestrian is legally entitled to be; if a dog is found to be not restrained as stated, the dog is “at large.”

B. It is considered cruel and therefore unlawful for a person to leave an animal unattended in a motor vehicle when the temperature is seventy (70) degrees Fahrenheit or above, unless, in the opinion of the officer, adequate ventilation and water is provided.

C. No person shall carry an animal in a motorized vehicle in a cruel or inhumane manner.

6.04.220 - Accidents injuring animals.

The driver of any motor vehicle involved in an accident resulting in injury to a domestic animal shall immediately and safely stop and render such assistance as is safely possible, and shall take reasonable steps to notify the owner of such animal or give notice of such accident to the local police department or Metro Animal Services.

6.04.230 - Removal of deceased animals.

A. It shall be the duty of the animal protection officer to remove from the streets, alleys and public places within the Animal Control District deceased animals, excluding livestock, and large wild game animals and shall notify the owner, if known.

B. It shall be the duty of the owner to dispose of his/her own deceased animals from his/her private property.

6.04.240 - Trapping restrictions for dogs and cats.

A. No traps shall be used for the capture of an animal by any person within the Animal Control District, other than humane live box traps. Also, no traps shall be set when trap temperatures exceed ninety (90) degrees Fahrenheit or fall below thirty-two (32) degrees Fahrenheit.

B. Animals captured must be turned over to MAS as soon as reasonably possible, or may be returned to the owner, if known.

C. Traps must be checked every four (4) hours unless they are set in such a manner as to provide proper shelter once the animal is confined.

D. Animal control protection officers may go onto private property, exclusive of buildings, to remove a trapped animal.

E. The final decision for placement of a trap shall be at the discretion of the animal protection officer.

6.04.250 - Cruelty to animals—Intervention authorized.

A. In addition to the prosecution of violations in this Chapter, an animal protection officer may lawfully interfere to prevent the perpetration of any act of cruelty upon any animal in his/her presence.

B. A law enforcement officer or an animal protection officer may remove, shelter and care for any animal found to be cruelly exposed to the weather, starved or denied adequate water, neglected, abandoned or otherwise treated in a cruel manner, and may deliver such animal to another person to be cared for and given medical attention, and, if deemed necessary, a veterinarian. In all cases, the owner, if known, shall immediately be notified, and such officer or other person having possession of the animal shall have a lien thereon for its care, keeping and medical attention, and expense of notice. If the owner or custodian is unknown and cannot, with reasonable effort, be ascertained, or does not, within five (5) days after impoundment of the animal, it may be treated as abandoned and dealt with as provided in Sections 6.04.110 through 6.04.160, and subsection A of Section 6.04.210.

C. Whenever, in the opinion of any law enforcement officer, animal control protection officer or county health officer (officers), any animal is suffering from distemper, parvo virus or other serious disease, or is severely maimed and suffering from injury, it shall be lawful for such officer to humanely euthanize such animal after consulting with a licensed veterinarian. If the animal is licensed, an attempt to notify its owner shall be made before the animal is euthanized. The above-mentioned officers or designees may humanely euthanize an animal without consulting with a licensed veterinarian or an owner if it is considered an emergency situation, to relieve the animal from undue suffering. The owner thereof shall not recover damages for such animal unless he/she shall prove that euthanasia was unwarranted without reason under the circumstances known to the officers.

6.04.260 – Fowl—Other Than Chickens--Location restrictions.

Ducks, geese or turkeys may be kept and maintained within the Animal Control District only in areas which are properly zoned for such use, or a zoning board of adjustment exception has been allowed. Such exceptions may be granted for organized youth group projects.

6.04.270 - Chicken hens – Enclosure and other limitations.

Chicken hens shall be permitted in association with an occupied single-family residential dwelling/structure as an accessory use, subject to the following regulations:

1. The maximum number of chicken hens permitted shall be six (6).
2. No roosters shall be permitted, with the exception that roosters shall be permitted in the AG (urban agriculture) zoning district.
3. Only chicken hens shall be permitted. Chicken hens may be any breed or crossbreed of chicken. No hybrids will be allowed unless properly zoned, or a conditional use permit has been approved by the Planning and Zoning Commission.
4. Chicken hens shall be provided with a covered, fully enclosed and predator-resistant coop which is adequately ventilated, designed for easy access for cleaning, and shall consist

of an enclosed area (may include the pen) of at least five (5) square feet per chicken hen. Chicken hens shall be protected from predators by being enclosed in the coop from dusk until dawn.

5. During daylight hours, the chicken hens shall have access to the coop/pen at all times. If the chicken hens are permitted outside of the coop/pen, then the area which they have access to must be secured, with a minimum of a six foot high privacy fence, and if necessary, wing feathers shall be clipped to prevent the birds from flying and escaping.

6. The coop/pen shall be cleaned and maintained so as not to cause excessive smells or odors, dust, or attract excessive insects or vermin. The frequency of cleaning shall depend on the number of chicken hens, the type of litter, the area of the coop, and the weather. Section 6.04.090 shall apply to the enforcement of chicken waste, to include unharvested eggs, and the owner's responsibilities.

7. No butchering of chickens is permitted within the city limits.

8. Coops and pens shall be constructed a minimum of six (6) feet from side and rear property lines, and are only permitted in the rear yard of a home. If an alley is located adjacent to the property, the minimum setback for the coop/pen shall be three (3) feet from the alley.

9. It is unlawful for chicken hens to be at large, as defined in Section 6.04.010. Any chicken hen found to be at large may be taken into possession and impounded by Metro Animal Services, and shall be adopted, rehomed or euthanized if not reclaimed within five (5) working days.

10. Chicken hens shall be provided with access to adequate and fresh water at all times, and in a manner to prevent the water from freezing.

11. No coop shall exceed a footprint of sixty (60) square feet, or shall exceed a height of seven (7) feet at the highest point of the roof.

12. Chicken feed shall be stored in an airtight, metal container to discourage attracting mice, rats, and other vermin.

13. Chicken hens shall be confined in such a fashion as to prevent them from coming into contact with wild ducks or geese or their excrement.

14. The requirements of this section are minimum requirements and do not affect any private controls, including any more stringent regulations or prohibitions on the keeping of chicken hens contained in private covenants. Nothing in this chapter shall affect the authority of any owners' association to adopt and enforce more stringent standards for the keeping of chicken hens, or to prohibit outright the keeping of chicken hens on any property within the jurisdiction of such association.

6.04.280 - Livestock restrictions.

Livestock may be kept and maintained within the Animal Control District only in areas properly zoned for such use provided. However, that for the purpose of loading and shipping any such animal or animals, it shall not be unlawful to keep the same in loading pens, provided that no such animal shall be kept in such pens within the Animal Control District for a period of no more than twelve (12) hours.

6.04.290 – Poisonous/venomous prohibited.

It is unlawful for any person to own or possess any poisonous and/or venomous snake, reptile, or spider. In addition to the penalties provided, the venomous snake, reptile or spider shall be humanely euthanized, unless the court permits an alternative option that will protect the public.

6.04.300 – Vicious animals - indicia.

Indicia of vicious animals includes, but is not limited to, animals that:

- a. Have bitten, attacked, endangered or inflicted injury on a human being on public or private property;
- b. Have injured or killed a domestic animal;
- c. Have interfered with delivery of mail by the United States Postal Service, as attested to by a mail carrier or witnessed by authorities;
- d. Have followed or chased a person upon the streets, sidewalks, or any public grounds in a menacing fashion or with apparent attitude of attack.

6.04.301 – Vicious Animals – Limitations and Prohibitions.

It shall be unlawful to keep, possess, or harbor a dangerous or vicious animal within City limits as follows:

No person shall have, keep, harbor, or allow to be upon any premises occupied by him/her, or in or under his/her charge or control, any vicious or dangerous animal, or any animal that may manifest a disposition to bite anyone, without having the animal properly restrained to prevent the animal from inflicting damage upon any person or property (See 6.04.302(d) below). When off the premises of its owner, such animal shall be securely caged or muzzled, and restrained by a secure collar and leash not to exceed three (3) feet in length. The leash shall be of sufficient strength to prevent escape and shall be under the direct control of the owner.

6.04.302 Public Safety Measures

(a) If, under the provisions of this section, upon conviction of a person for harboring a vicious dog in violation of this section, it shall appear to the court that the dog is living, the court may, in addition to the punishment provided for violation of this section, order the animal protection officer or any officer to forthwith cause such dog to be humanely euthanized, and for that purpose, and pursuant to the court's order, any such officer charged with such duty shall have the right, pursuant to the court's order, to enter upon any premises within the Animal Control District.

(b) If the court under this subsection does not order an animal destroyed, the owner of the animal shall, within ten (10) days, provide proof to the court that such animal has been permanently marked with an implanted microchip. The microchip shall be implanted under the skin behind the neck, between the shoulder blades and the number registered with Metro Animal Services. Any expenses incurred in connection with microchipping shall be borne by

the pet owner or his/her agent. Microchipping shall be done by either a licensed veterinarian or a Metro Animal Services officer.

(c) Any dog, cat or animal of a vicious or dangerous nature found upon any property, public or private, not the premises of the owner may, if such animal cannot be safely taken up and impounded by reasonable means, be euthanized by the animal protection officer or any police officer.

(d) No vicious or dangerous animal shall be unconfined on its owner's premises. A vicious or dangerous animal is "unconfined" as the term is used in this section if the animal is not securely confined indoors or confined in a securely enclosed and locked pen, or upon the premises of the owner. Any pen or run area shall be suitable to confine the animal and to prevent the entry of young children or persons other than the owner of the animal. The pen or run area must have all sides at least six (6) feet high and a secure top. No sides of the pen or run can be part of the perimeter property fence. If the pen or run structure has no bottom secured to the sides, the sides must be imbedded into the ground no less than one (1) foot.

(e) Any person owning a vicious or dangerous animal must have the animal spayed or neutered, at the owner's expense, within fifteen days after the animal is found to be vicious or dangerous by a court if the animal is currently not spayed or neutered.

(f) The owner of a vicious or dangerous animal shall notify MAS or the Casper Police Department immediately of the animal's escape or release, that the animal is loose, unconfined, has attacked another animal or human being, has died or has been sold or given away or relocated in any manner. If the vicious animal has been sold or given away, or if the current owner moves, within the jurisdiction of MAS, the owner or keeper shall provide MAS with the name, address and telephone number of the new owner or the new address of the current owner. Upon sale or conveyance, the new owner will be obligated to comply with the requirements of this section, and the current owner shall be required to comply with the requirements of this section at any subsequent location or residence.

(g) If an animal protection officer has probable cause to believe that a vicious or dangerous animal is being kept, harbored or cared for, in violation of this chapter, the animal protection control officer may seize and impound the animal.

(h) If a purported vicious or dangerous animal is impounded, the animal shall be held pending trial and disposition of the case and thereafter pursuant to court order.

(i) The owner of a vicious or dangerous animal shall be liable for and shall pay all costs associated with impoundment, removal, care, treatment and potentially euthanasia of said animal.

(j) If the owner of the animal impounded under subsection (a) of this section is not reasonably ascertainable at the time of impoundment, the Director shall immediately notify the owner by mail sent to the owner's last known address postage prepaid which upon the passage of three (3) days be deemed complete or by personal service within five (5) business days after the animal's impoundment.

(k) The notice of impoundment shall inform the owner of the animal that the owner may request, in writing, a hearing to contest the impoundment. Upon receipt of the notice of impoundment either through personal service or by mail (receipt is complete three (3) days after mailing to the last known address of owner postage prepaid), the owner has five (5)

business days from personal service or eight (8) business days from date of mailing to request a hearing by serving on the Director of Animal Control a written request for the hearing.

(l) Upon request by the owner of the animal for a hearing under subsection (k), a hearing must be held within seven (7) business days after receipt of the request. Notice of the date, time and location of the hearing shall be provided by regular mail to the animal owner requesting the hearing. The impoundment hearing shall determine if the animal poses a risk to public health and safety, as articulated for the definition and description of dangerous and vicious animals herein. The burden of proof for this determination is beyond a reasonable doubt.

(m) The owner must pay all of the cost of the impoundment and must post sufficient funds to cover the anticipated costs for continued impoundment. Failure to post funds sufficient to pay for the costs of impoundment constitutes a waiver of any rights the owner may have to a hearing under this chapter and the animal may be humanely euthanized.

6.04.303 – Continuation of Dangerous or Vicious Animal Declaration.

Any animal that has been declared dangerous or vicious by any agency or department of this City, another municipality, county, or state shall be subject to the provisions of this Ordinance. The person owning or having custody of any animal designated as dangerous or vicious by any municipality, county, or state government shall notify the Department of Animal Control of the animal's address and conditions of maintenance within ten (10) days of moving the animal into the City of Casper, Wyoming. The restrictions and conditions of maintenance of any animal declared dangerous or vicious by this City, another municipality, county, or state shall remain in force while the animal remains in the City. No animal declared dangerous or vicious by any other designation agency or department of another municipality, county, or state based solely on size, breed or mix of breeds, shall be subject to this Section.

6.04.305 – Reckless Animal Owner.

(a) (i) Any owner who is found to have violated this Chapter, other than by a violation of Sections 6.04.301, 6.04.302, 6.04.303 and/or 6.04.304, three (3) or more times in a twenty-four (24) month period, shall be declared a reckless animal owner; or

(ii) Any owner who is found to have violated this Chapter, who is found to have violated this Chapter, by violating Sections 6.04,301, 6.04.302, 6.04.303 or 6.04.304 two (2) or more times in any five-year period, shall be declared a reckless animal owner.

(b) The Municipal Court shall issue a notification of the declaration or Reckless Animal Owner to the person with the following:

- (i) name and address of the person subject to the declaration,
- (ii) the description, violation, and conviction that led to the declaration,

(c) Once declared a reckless animal owner, the city licenses of all animals owned by the person shall be revoked, and the person shall not own, keep, possess, or harbor an animal for a period of five (5) full years from the date of the declaration.

- (d) A person declared to be a reckless animal owner may apply to the Municipal Court to have the declaration waived after a period of thirty (30) months upon meeting the following conditions:
- (i) The person has no subsequent violations of this Chapter of the Code, and
 - (ii) The person has complied with all of the provisions of this act for a period of thirty (30) months, and
 - (iii) The person provides proof to the Municipal Court of successful completion of a program designed to improve the person's understanding of animal ownership responsibilities and based upon an interview with the Court, establishes that understanding.
 - (iv) If the Court finds clear and convincing evidence that the person has complied with all conditions in this subsection, the Court may rescind the reckless owner declaration subject to conditions that can help to ensure no future violations. The person must provide clear and convincing proof that ownership of an animal in the future will be handled responsibly and not in violation of any law or ordinance.

6.04.310 - Public nuisance.

A. No owner or person in charge of any dog or cat, or group of dogs and/or cats shall fail to exercise proper care and control of such animal or animals to prevent them from becoming a public nuisance, as defined in Section 6.04.010.

B. For the purposes of this section or a conviction hereunder, it shall not be necessary to demonstrate which animal in a group of animals has created a public nuisance as defined in Section 6.04.010

6.04.320 - Breaking into animal services shelter prohibited.

It is unlawful for any person to break into the animal services shelter, or vehicle, or turn loose or otherwise release any animal impounded therein, or hinder, destruct or prevent the animal control protection officer from impounding any animal liable to be impounded.

6.04.325 - Police canine exclusions, exemptions.

Police canines working on duty with law enforcement personnel are excluded from Sections 6.04.010(7), 6.04.010(19) and 6.04.010(23); and are exempted from Sections 6.04.170(C) through (G) and (I) and (J), and 6.04.300.

6.04.330 - Enforcement—Police department authority.

The provisions of this chapter shall be enforced by sworn officers of the city police department and/or animal protection officers. It is unlawful, and a violation of this chapter, to interfere with an animal protection officer in the performance of his/her duties, or to fail to obey the lawful order of an animal protection officer.

6.04.340 - Violation—Citation and notice to appear.

Whenever an animal protection officer observes or has reasonable cause to believe that a person has violated one or more provisions of this chapter, such officer is authorized to prepare one or more written citations containing a notice to appear in municipal court. The citations, at a minimum, shall be written on a form which notifies the person of the offense

with which he is charged, and the time and place where the person must appear to answer to the charge.

6.04.350 - Citation—Deemed complaint when—Disposition.

Every animal protection officer, upon issuing a citation herein authorized, shall deposit the original of the citation with the municipal court, and shall issue a copy of the same to the person against whom the violation is charged. Upon deposit of the original citation with the court, the citation may be disposed of only by trial in court or other official action by the judge of the court, which may include forfeiture of the bail, or by the deposit of sufficient bail with, or payment of a fine to the municipal court by the person to whom the citation was issued by the animal protection officer. When the citation is sworn to, as required under the general laws of the state in respect to a complaint charging a commission of the offense alleged in the citation to have been committed, then the citation, when filed with the municipal court, shall be deemed a lawful complaint for the purpose of prosecution under this chapter.

6.04.360 - Violation—Penalty.

A. For the purpose of this section, a "conviction" means a finding of guilt by the court after trial, or a plea of guilty or *nolo contendere* to the offense charged.

D. If a person is convicted of a violation of 6.04.301 to 6.04.303, within a two-year period for a third or subsequent offense, an appearance before the court is required. Upon conviction for such offense, a minimum penalty of Seven Hundred Fifty Dollars (\$750.00), and/or seven (7) days in jail, or both, plus applicable court costs and restitution shall be imposed by the court, unless the owner of the animal(s) surrenders custody and ownership of the animal(s) to Metro Animal Control. In the event of surrender, the court may impose such sentence as it determines to be just.

E. In the event more than one of an owner's animals are at large as a result of a single, unintentional incident, upon conviction of the owner, and in relation to determining the appropriate penalty, the court shall not consider any other conviction of the owner arising out of the same incident, as a prior conviction.

F. If a person is convicted within an 18-month period of a third or subsequent offense, other than a violation of Sections 6.04.301 to 6.04.304, such person shall be prohibited from keeping or harboring any animal within the City limits of Casper for a term of not less than six (6) months following the date of conviction.

G. Any individual who is convicted of a violation of 6.04.300 and/or 6.04.310 shall register themselves, to include the address where the animal(s) are harbored, a current phone number, and any animals they own, harbor, reside with or keep with Metro Animal Services.

MEMO TO: J. Carter Napier, City Manager 
FROM: Thomas E. Solberg, Fire Chief

SUBJECT: Cardiac Monitor Replacement

Meeting Type & Date:

Work Session
October 23, 2018

Action type:

Direction Requested

Recommendation:

That Council, review the information provided regarding the replacement six (6) cardiac monitors for the Fire-EMS Department, and provide direction to staff.

Summary:

The Fire-EMS Department currently uses Phillips HeartSaver MRX cardiac monitors. We have a total of six (6) monitors with one (1) on each frontline engine and one (1) on Rescue 1. Five (5) of our current monitors were purchased in November of 2012 and one (1) in January of 2013. Cardiac monitors are mission critical pieces of equipment used on the majority of medical incidents and most critically for patients in cardiac arrest.

In the fall/winter of 2017, the Fire-EMS Department was advised that Wyoming Medical Center (WMC) was beginning the process to replace their Phillips cardiac monitors to include the ambulance and emergency room. Wyoming Medical Center initially planned on replacing their monitors in July 2019. Given this information, the Fire-EMS Department set July 2019 as a realistic timeline to justify and secure funding to replace our monitors. This timeline for replacement appeared favorable because the cardiac monitor replacement project could be proposed as a 1% #16, year one project.

Driving Wyoming Medical Center's expedited monitor replacement, and subsequently the Fire-EMS Department's replacement, is the fact that Phillips is no longer producing a full-function cardiac monitor and batteries for monitors currently in the field are not available.

The Fire-EMS Department is recommending the sole source purchase of the Zoll X Series cardiac monitor in order to stay consistent and interoperable with Wyoming Medical Center. Remaining interoperable with WMC as our transporting agency is ideal for patient care and for Fire-EMS Department members providing patient care in the pre-hospital setting. Additionally, the Fire-EMS Department currently restocks disposables from WMC keeping the department

from having to purchase and stock disposables within the department. With Phillips no longer producing a cardiac monitor, Zoll and Physio-Control are the only manufacturers of full-function cardiac monitors. The Fire-EMS Department did gather a corresponding quote from Physio-Control and the cost was comparable.

The cost to purchase six (6) Zoll monitors is \$196,870.41. This cost is taking advantage of pricing Wyoming Medical Center receive with their monitor replacement purchase.

Financial Considerations

The Fire-EMS Department has reprioritized other projects and has identified \$114,614.00 that could be used for this project. Remaining funding of \$82,256.41 remains to be identified.

Oversight/Project Responsibility

Recommendation

That Council review the new Special Event Guide and application and provide direction regarding the resolution that would be needed in order to make this guide effective.

Summary

Historically, the City's permitting function has been very dispersed, with different city departments handling different aspects of a single event. This led to problems for both the customer and for City Staff. For example,

- A large event might require a series of permits and a long list of special city services, so in order to receive all of those permits and services, the customer would have to work with several different people from several different departments.
- Customers would, on occasion, receive some of the permits that they needed, but not others.
- Larger and more complicated events require more planning and Staff support; however, customers were not aware of the time frame needed.
- As an event progressed the need for other services became apparent, City Staff would then have to arrange to provide those services.

In the months leading up to the 2017 Eclipse, it was recognized that there was a need for a Special Event Guide. The vision was that a single policy document could be adopted to aid the customer through the requirements which would help their event be successful. The customer could then submit one application that would be all-encompassing for the services and permits needed. Additionally, deadlines and fees would be clearly laid out depending on the size of event to allow Staff the proper amount of time to prepare for the event. Every department would have access to the application materials, so no City Staff would be caught off guard by an unforeseen major event.

This project began with the Casper Police Department (CPD). The CPD put together a very comprehensive guidebook based on Golden Colorado's event guide. Given the broad nature of the document, every other department soon became involved. Work continued on the Event Guide until January of 2017. At that time, many customers were already planning for Eclipse-related events, and it was decided that a new Event Guide might end up complicating those plans. For that reason, the Special Event project was put on hold.

During the summer of 2017, many large events happened, including but not limited to events related to the eclipse. The planning for these events required communication both among City Staff and with agencies outside the City of Casper. The complexity of these discussions emphasized the need for a single Special Event Guide.

In late 2017, City Staff held meetings with stakeholder group of event planners to receive feedback on the event guide. At the January 9th, 2018 work session, Staff presented the Special Event Guide to City Council and was given direction to reduce the length of the guide. Staff made the revisions to the guide and sent it to the stakeholder event planners to review. On Oct 4, 2018, Staff held another meeting with the stakeholders to review the revised guide. Those suggestions have since been incorporated into this version of the special event guide.

Under the proposed guidelines:

- Customers will no longer have to visit with several different departments in order to initiate the permitting process. Customers will begin with single point of contact at the city. That person will then communicate with all departments in order to ensure that every needed permit and service has been identified and arranged.
- An application fee will be set for all special events based on the size of the event. Fees for individual permits would still be charged.
- Deadlines for the submission of the application will be set, dependent on the size and complexity of the event.
- Organizers will be required to notify nearby residents and businesses who might be affected by the event.
- Organizers will be required to consider how they will provide adequate trash service, litter control, security, and bathrooms.

Implementing this Special Event Guide will require a resolution that would authorize the application process that it describes and the new fee's associated with the application.

Purpose and Definitions

PURPOSE

In an effort to treat all persons and groups uniformly, the City has established regulations concerning the use of streets, sidewalks, greenways, and other public facilities and thoroughfares in the City for all organized special events with the purpose of protecting the health and public safety of citizens; limiting the inconvenience to residents, businesses, places of worship and learning, and other regular users of these facilities; establishing a straightforward and accountable process for customers; and enabling public agencies to manage these events in a cost-effective and well-coordinated way.

DEFINITIONS

➤ **Special Event**

A *special event* is generally defined as an organized activity that occurs outdoors on City property. More specifically, in order to meet the criteria of this policy, a Special Event:

- Occurs on City property, but not on property that is already under lease to another entity. “City property” includes any City owned park, trail, street, parking lot, alley, lawn, sports field, or similar outdoor place. Property is “already under lease” to another entity if that other entity has day to day control of the property.

If your event meets the criteria of an *outdoor event* that occurs on *City property*, then your event is a Special Event. If it is not a Special Event, then this Guide does not apply to you, but please be aware that some activities still might need special permits from the City of Casper.

➤ **Extra Municipal Services**

The term *Extra Municipal Service* refers to any reasonably required service above and beyond the normal services provided by the City government on a non-event day. Examples of Extra Municipal Services may include police services, traffic control, dedicated EMS presence, delivery and collection of extra trash containers, site preparation at City parks and facilities, and other such services. Since the City must pay a cost to provide these services, the Customer will be asked to pay the City for any Extra Municipal Services provided.

A Price List for Extra Municipal Services is available if extra services are requested or necessary.

➤ **Special Event Application, and Special Event Authorization**

In general, the Customer requests the right to hold an event by filling out a Special Event Application. The Special Event Application is then used to create a Special Event Authorization and any other permits which may be necessary.

The *Special Event Application* is a form that each Customer must submit in order to receive permission to hold their event, though certain very small events are exempt from this requirement.

The *Special Event Authorization* is a document that is issued to the Customer. It describes the

event in general terms, it lays out restrictions and requirements in regards to the execution of the event, and it serves as evidence that the Special Event has been authorized.

➤ **ALCOHOL SERVICE PERMIT(S)- (Not applicable to all events)**

If the event will involve the possession or consumption of alcoholic beverages then the event organizer must apply for the proper permits. Please be aware that having alcohol at an event may result in additional insurance and security requirements. If your event is outdoors in any open space, or certain structures in the City you must obtain an open container permit. If there are multiple open container permits adjacent to one another then the open container permit will extend to events which are next to each other. Catering permits may be applied for by a Retail Liquor License holder only. Malt Beverage permits can be applied for by any individual or organization; rented facilities will require a lease or an agreement showing that alcoholic beverages are allowed on the premises.

Large Events or high impact events may apply for a waiver from the open container restrictions. A letter requesting the waiver must be given to the City Manager or his designee with the requested area and event.

Event Impact Classifications

The City categorizes special events into one of three classifications. Events that are large and/or complicated will be classified as “High Impact” events. Smaller or less complicated events will be classified as “moderate” or “low” impact events.

This classification affects when the application is due, because City staff will need more time to prepare for a large or complicated event, and it affects the amount of the application fee.

Important Note: *During the review process, the City has the right to change the classification of your special event if it has been deemed to meet different criteria.*

EVENT IMPACT CHART	
How to Use This Chart: Events that match the criteria of more than one classification will be assigned to the more restrictive level (for example: if an event meets criteria of both Low Impact and Moderate Impact events, the event will be classified as having a Moderate Impact). Also, please remember that this chart is only applicable to “Special Events.” A “Special Event” is an activity that occurs <i>outdoors</i> and which occurs <i>on City property</i> .	
Event Characteristics	CATEGORY
Anticipated attendance at the event will exceed 2,500 people and or event is expected to require more than \$1,000 worth of Extra Municipal Services	HIGH Impact Event Application Fee \$50

Anticipated attendance at the event exceeds 300 people and will require Extra Municipal Services or cause an impediment/closure to a Public Right of Way (i.e., street, sidewalk, trail, or similar thoroughfare) or anticipated attendance at the event exceeds 100 people and will involve the consumption, selling, or serving of alcohol	MODERATE Impact Event Application fee \$40
Anticipated attendance at the event is less than 100 people but the event will require Extra Municipal Services or cause an impediment/closure to a Public Right of Way (i.e., street, sidewalk, trail, alley, or similar thoroughfare), or anticipated attendance at the event is more than 50 people and the event will involve the serving or consumption of alcohol.	LOW Impact Event Application fee \$30
Anticipated attendance is <i>less than</i> 100 people, there will be no impediment to a Public Right of Way (i.e., street, sidewalk, trail, or similar thoroughfare), no Extra Municipal Services will be needed from the City (see page 2), and no alcohol will be consumed at the event.	Negligible Impact – No event application needed
Anticipated attendance is <i>less than</i> 50 people, there will be no impediment to a Public Right of Way (i.e., street, sidewalk, trail, or similar thoroughfare), and no Extra Municipal Services will be needed from the City (see page 2).	Negligible Impact – No event application needed

APPLICATION DEADLINES

Event applications must be submitted according to the deadlines for each specific event type as outlined below, and will be accepted no more than one (1) year prior to the date of the event. If the Licensing Specialist believes that an expedited review is possible, then the Licensing Specialist shall accept a late application provided that it is accompanied by a late fee in addition to the regular application fee. The City does not guarantee that any event will be fully reviewed if it is submitted after the deadline.

- High Impact Events

Applications for High Impact events must be received at least **35 business days** prior to the proposed date of the event.

- Moderate Impact Events

Applications for Moderate Impact events must be received at least **25 business days** prior to the proposed date of the event.

- Low Impact Events

Applications for Low Impact events must be received at least **10 business days** prior to the proposed date of the event.

<u>Schedule of Late Fees</u>	
Application Submitted 1 – 14 days late	\$25
Application Submitted 15 – 30 days late	\$75

APPLICATION, AUTHORIZATION, and PERMITTING PROCESS

An application is not considered complete until the application form and the non-refundable application fee have been received. The review process will determine whether the event is to be authorized, it will identify which associated permits will be required, and it will help to determine if any Extra Municipal Services from the City will be required (for a definition of “Extra Municipal Service,” see page 2).

Every Special Event Application will need to be accompanied by, at a minimum:

1. Application
2. Application Fee (and Late Fees, if applicable)
3. Site Plan/Route Map
4. Public Notification Plan
5. Restroom Plan
6. Waste Management Plan
7. Emergency Action Plan

As the City begins processing the application, the Licensing Specialist will contact the Customer with updates and requests to facilitate the approval process. Please be aware that the City may deny any type of event if it is deemed not to be in the best interest of the City or if the event will create an undue burden on a particular geographic area, to include abutting residents or businesses.

Following a thorough review, the Licensing Specialist, with input and recommendations from the affected City departments, will make an application ruling consisting of one of the following:

- Approved, No Conditions. Special Event Authorization and any corresponding Permit(s) approved and issued as requested without conditions;
- Approved, Subject to Conditions. Special Events Authorization and any Permit(s) approved and issued subject to certain conditions deemed reasonable and necessary;
- Denied. Special Event Authorization denied.

APPLICATION PROCESS OVERVIEW

➤ **Step 1: Filling out the Application**

- Customer fills out the Special Event Application, including any required permits.
- Every Special Event Application will need to be accompanied by, at a minimum:
 1. Application
 2. Application Fee (and Late Fees, if applicable)
 3. Site Plan/Route Map
 4. Public Notification Plan
 5. Restroom Plan
 6. Waste Management Plan
 7. Emergency Action Plan

➤ **Step 2: Submitting the Application**

- Customer delivers the completed application to the Licensing Specialist, along with the Application Fee.
- Licensing Specialist goes through a preliminary review of the Special Event Application for completeness and clarity. The Licensing Specialist may request revisions or additions from the Customer; if this is the case, then the revisions will be required before the processing of the application can begin.

➤ **Step 3: Reviewing the Special Event Application**

- Licensing Specialist, or designee will provide receipt of application within 5 business days of submittal.
- Licensing Specialist sends the application materials to applicable City departments for their review.
- Regarding the issuance of Permits: Officials from various City departments will review permit forms and work with Licensing Specialist to obtain more information from the customer or to request modifications to the application when necessary. Certain types of permits can be approved or denied in advance of the event, but other permits cannot be issued until the site has been inspected and/or other final arrangements have been made by the Customer.
- Regarding the provision of Extra Municipal Services: Officials from the various City Departments that might need to provide Extra Municipal Services will determine the scope of the Extra Municipal Services needed. From there, these officials will determine if the Extra Municipal Services are available, and if so, what the cost would be to provide those services and will provide documentation detailing these services.

➤ **Step 4: Public Notification**

- Public Notification Plan: The Customer will develop a Public Notification Plan. The Licensing Specialist will approve a plan that addresses the needs of the public.

- Customer executes the approved Public Notification Plan. Any feedback received by the Customer will be forwarded on to the Licensing Specialist. All feedback will be compiled and reviewed by City Staff and conditions may be placed upon the Event Authorization.

➤ **Step 5: Pulling it All Together**

- Licensing Specialist compiles all prepared documentation and permits and calculates the total fee to provide all permits and Extra Municipal Services. This compiled packet of information is summarized in the Event Authorization document.
 - *Important:* The Event Authorization may include special restrictions or requirements on the event so as to limit negative impacts on area residents or businesses, or to provide for greater public safety.
- High Impact events will also require review and approval by the City Manager.

➤ **Step 6: Timing of Authorization**

- The City of Casper's goal is to promote events in Casper and to authorize all applications. However, in order to ensure permit authorization, the City may require various changes to your event.
- Therefore, authorization timeline will depend on many factors such as event size, whether more information is needed, and whether any changes will be required.

➤ **Step 7: Issuance of the Special Event Authorization**

- Customer pays the calculated fee for permits.
- Customer provides the Licensing Specialist with certificates of insurance.
- Customer signs the Event Authorization.

➤ **Step 8: After the Authorization, but Prior to the Event**

- Customer follows the payment plan in regards to Extra Municipal Services. Depending on the services needed, this might entail paying for all or a portion of the services prior to the event.

➤ **Step 9: Day of the Event**

A copy of the Special Event Authorization and all event permits are on site and will be produced for inspection upon the request of any City official.

➤ **Step 10: After the Event**

If applicable, Licensing Specialist sends invoices to the Customer for uncovered services and damages. Payments are due thirty (30) days after issuance.

APPLICATION CONDITIONS and DENIALS

An authorization may be denied, or conditions placed thereon, based upon considerations of the health, safety, and welfare of the community, and of the anticipated costs of holding such an event. Prior experience of the applicant in holding any event, or in holding the Special Event which is the subject of the application, will be considered and may impact the issuance of Special Event authorizations and/or permits.

Additionally, the City may base its denial decision on one or more of the following grounds:

- The application is not complete;
- Required forms and/or documents were not submitted;
- The application fee and/or permit fee(s) have not been paid;
- Required insurance has not been obtained;
- Goods or services will be sold at the event but the applicant has not produced any sales tax permits for itself or vendors for the event;
- The Customer cannot or will not pay the cost for any determined Extra Municipal Services;
- The application and/or its supporting forms contain a material falsehood or misrepresentation;
- It is reasonably believed that the event would cause undo harm or inconvenience to the participants, community or the surrounding neighborhood.
- The Customer and/or its organizational leaders have on prior occasions made material misrepresentations regarding the nature or scope of any event or activity previously authorized, permitted, or requested;
- The Customer and/or its organizational leaders violated the terms of a prior authorization or permits issued to or on behalf of the applicant and/or its officers;
- The Customer is not legally competent to sign a contract or to be held responsible for its actions;
- The Customer has, on prior occasions, been required to pay for Extra Municipal Services or damages to City property and has not paid in full for such expenses or damages;
- City resources that would be necessary for the proper and safe conduct of the event are unlikely to be available at the time of the event.
- The special event use or activities intended by the Customer would conflict with previously planned events and programs which have been organized by others either through the use of City facilities or the unavailability of sufficient City resources for the proposed event;

The City reserves the right to revoke a previously issued Event Authorization if any violation of law is reasonably believed to have occurred in conjunction with this event or the preparation for said event, or if the Customer is reasonably believed to have violated any City rule or policy in regards to his or her preparation for this event, and/or if the Customer has failed to meet his or her obligations as described under the Event Authorization and/or the associated documents therewith.

FEES

-
- *Application Fees* and *Late Fees* (if applicable) are due upon the submission of the Event Application. This fee is non-refundable, and the application will not be reviewed until the application fee has been received. Payment of the application fee does not guarantee event approval; however, Customers will have the option to modify dates, locations, and other aspects of the event in order to win approval.

- The Licensing Specialist will attempt to assess the Event Impact Level for each event when the application is submitted. The Event Impact Level is used to calculate the application fee, and it will be used to determine whether the Event Application was submitted on time. If the application was submitted late (see page 10), then appropriate late fees will apply. Like Application Fees, late fees must be paid before the Application will be processed.

Event Type	Application Fee
❖ High Impact Event	❖ \$50
❖ Moderate Impact Event	❖ \$40
❖ Low Impact Event	❖ \$30

- It can be the case that a new classification will be assigned during application review, and this reclassification might affect the fees that would be due from the Customer.
- Payment of *Permit Fees* is due after the event application has been reviewed. The Event Authorization will not be issued until all Permit Fees have been paid. ~~The most commonly needed permits, along with their requisite fees, can be found on the application.~~
- Payment for *Extra Municipal Services* is due upon invoice. The Customer shall be liable for and shall pay to the City the actual cost of all Extra Municipal Services provided by the City. Typical Extra Municipal Services include contracted police officers, dedicated EMT staffing, delivery and collection of trash containers, site preparation at City parks and facilities, and other such services.
- Determining the Types, Amounts, and Costs of Extra Municipal Services

Prior to any approval of a Special Event Authorization, the City Departments potentially affected by the proposed Special Event shall review the application and report their respective findings to the Customer and to the Licensing Specialist. These findings may indicate that Extra Municipal Services are needed.

If Extra Municipal Services are needed, officials from the impacted City Department will communicate this fact to the Customer, along with a cost estimate for the Extra Municipal Services to be provided. This communication will occur before the Event Authorization is issued.

➤ Refund Policy

There is no reimbursement or refund of application fees or late fees except and unless the reimbursement would be due to a reclassification of the event from one Impact Level to another. Fees may be transferable toward future event applications and permits if the event is cancelled due to inclement weather or other emergency situations, at the discretion of the City Clerk.

PUBLIC NOTIFICATION PLAN

In an effort to improve communications and to keep citizens, businesses, and other establishments

fully informed of all events that will potentially impact their area, the City requires all Customers to notify the affected public about their upcoming event. Notification requirements are done at the expense of the Customer. The Customer will need to submit a Public Notification Plan along with their application.

➤ Identifying Affected Parties

Customers must notify all reasonably affected community members, including residents, businesses, schools, and places of worship about the event, associated road closures, and other impacts. Additionally, any establishment that will be blocked, detoured, or heavily inconvenienced must be notified. Neighborhood Partnerships and Homeowner Associations must also be notified, when applicable. Reasonably affected means if any disruption to a normal commute, accessibility to homes and businesses as well as loud noises must be notified of the closure.

➤ Notification Timeline

The following table outlines the number of calendar days in advance of the event that public notification must be made. Please note that the dates on this chart are the dates upon which the notification has been *completed* (i.e., the dates by which all notifications have been received by all affected parties):

Event Type	Notification Deadline
High Impact	30 Days
Moderate Impact	15 Days
Low Impact	5 Days

The Customer and the Licensing Specialist will keep records of any concerns or objections received about the event. The Customer will share any objections with the Licensing Specialist. Any concerns received will be reviewed, and they will be taken as a factor in the review of the application.

An event authorization will not be issued until the notification has occurred and objections, if any, have been reviewed.

➤ Notification Components

Information to include on all notifications is listed below:

1. Name of Event
2. Name of sponsoring organization (if applicable)
3. Date(s) of event, and for each day, the time it will begin and the time it will end
4. Description of associated road closures (if applicable) the times that these road closures will be in effect
5. Description of the event and the noise impacts of the event, such as music or fireworks, and their timeframe
6. Name and contact information of Customer (including phone number and email address)
7. Website associated with event (if applicable)

➤ Approved Notification Methods

A Public Notification Plan will typically include a mix of the following public notification

methods:

- Option 1: Mailed Postcards.

Customers may mail standardized postcards to the affected community members. The goal of the postcard requirement is to build a notification pattern that is consistent, highly visible, and recognizable to the public.

- Option 2: Individual Communication.

The Customer may individually contact affected community members in person, over the phone, or via email. If this notification method is used, then a log of these interactions must be kept, and upon completion of this activity, the log must be submitted to the Licensing Specialist.

- Option 3: Apartment or Business Complex Notification.

The Customer may coordinate with property managers to alert all tenants of a large complex via the preferred communication method of the complex. Proof of this alternate form of notification must be submitted to the Licensing Specialist.

The Customer may utilize a combination of the above methods for notification, or may submit a suggested alternative method. For reoccurring events please provide a notification plan that takes its recurring nature into account.

The City of Casper encourages Customers to use additional notification means such as social and broadcast media, local calendars, and press releases as a way to supplement any notification already called for in the events guide.

INSURANCE REQUIREMENTS and INDEMNIFICATION

In order to receive an Event Authorization for an event that will occur on City property, the Customer will need to provide the City with a certificate of insurance, and the certificate will need to list the City of Casper as an additionally insured party. The required elements of the insurance policy will vary depending on the activities that your event will entail.

- Comprehensive General Liability - (Required for all events)

The Customer will need to provide Insurance Services Office Form CG 00 01 covering comprehensive general liability (CGL) on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$250,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

This CGL policy must specifically include the City of Casper as an additionally insured party. It is common for organizations such as non-profit and for-profit corporations to carry a comprehensive general liability insurance policy for that organization’s general activities, and it might be the case that events are already covered by that policy. If this is the case, then the Customer may want to contact their insurance provider to arrange for the issuance of a certificate of insurance that specifically lists the City of Casper as an additionally insured party.

Please use this as the wording on the certificate of insurance: *City of Casper, its employee, agents, officers, officials, and volunteers as additional insureds.*

➤ Indemnification – (Required for all events)

As a condition of Event Authorization, the Customer will need to indemnify the City of Casper, including its officers, officials, employees, agents, and contractors. An indemnification clause will be included in the Event Authorization.

➤ Third Party Insurance for High Risk Activities - (Not applicable to all events)

Certain kinds of safety sensitive activities will need to be specifically covered by the insurance policy. These activities are commonly excluded from standard CGL policies. Safety sensitive activities include, but are not limited to activities such as:

- Inflatables (such as bouncy houses)
- Amusement houses (such as fun houses or haunted houses)
- Carnival-style rides
- Fireworks and pyrotechnics
- Bonfires and open flames

If the event will feature this sort of activity, then the Customer will be required to provide the City with a certificate of insurance that specifically includes coverage for that activity. The City of Casper reserves the right to require additional insurance for events based on the specific activities that will occur as a part of that event.

Coverage of this sort should be on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$1,000,000 per occurrence. The certificate of insurance may be held by the Customer or by the vendor that is specifically managing this portion of the event, but in either case, the certificate must include the City of Casper as an additionally insured party.

➤ Liquor Liability - (Not applicable to all events)

If the responsible organization will be supplying alcoholic beverages, then the general liability insurance must specifically include host liquor liability coverage. If the responsible organization is using a caterer or other vendor to supply alcohol, then that vendor must have liquor liability coverage in addition to the Customer’s host liquor liability coverage. If the responsible party intends to *sell* alcohol, then either the responsible party or the vendor providing the alcohol for sale must have a valid liquor sales license, and the vendor’s liquor liability coverage will need to specifically include coverage for the sale of alcohol. The limits for each of these coverages shall be no less than \$1,000,000.

➤ Automobile Liability - (Not applicable to all events)

If the event will involve motorized transportation (such as shuttle bussing, or valet parking) then the Customer will need to have automotive insurance. If the vehicles are owned by the host organization, then the Customer will need to provide Insurance Services Office Form Number CA 0001 covering Code 1 (any auto). If the vehicles are not owned by the host organization, then the Customer will need to provide Insurance Services Office Form Number CA 0001 covering Code 8 (hired) and Code 9 (non-owned). All auto coverage must have a limit of no less

than \$1,000,000 per accident for bodily injury and property damage, and all auto coverage will need to list the City of Casper as an additionally insured party.

In Closing...

Again, thank you for choosing Casper to hold your event. Please contact the Licensing Specialist throughout the process with any questions you may have. We look forward to helping you conduct a safe, successful, and fun event!
