

SPECIAL COUNCIL WORK SESSION

Tuesday, September 18, 2018 at 4:30 p.m.

Casper City Hall
Council Meeting Room

AGENDA

1. One Cent Projects
2. Agenda Review

Mayor Pacheco called the work session to order at 4:30 p.m. with the following Councilmembers present: Powell, Humphrey, Johnson, Hopkins, Huber, Laird, Walsh, and Mayor Pacheco. Councilmember Morgan was absent.

City Manager Napier began by discussing the community projects funding process and explained that staff's recommendations gave priority to agencies that give direct aid to the poor. The recommendations also reflect the City Attorney's concerns about funding agencies that do not meet statutory requirements, such as the Lyric and possibly the Science Zone. He also explained that staff's recommendations are not a directive and a formal directive will be voted on in the first meeting in October. City Manager Napier explained that some of the agencies, like CATC, will receive funding elsewhere so they were not included with staff's recommendations. He also expressed concern with funding restorative justice through one cent funding, because that would conflict with a promise to the community to not use one cent funds for operations. Council discussed averaging all of the Councilmembers' votes for each social service agency and decided to open the votes back up for each Councilmember, so that those Councilmembers who did not have a chance to vote could be included. Council decided to let all Councilmembers change their votes if they wanted to and discussed keeping the total under \$3M. Council discussed the Central Wyoming Rescue Mission allocation and after some of the Councilmembers changed their vote for that agency, their average total was \$116K.

The special work session was adjourned at 5:40 p.m.
