I. MINUTES OF THE PREVIOUS MEETING

Chairperson McIntosh asked if there were additions or corrections to the minutes of the April 13, 2023 Planning & Zoning Commission meeting.

There being no additions or corrections, Chairperson McIntosh called for a motion to approve the minutes of the April 13, 2023 Planning & Zoning Commission meeting.

Mr. Wingerter made a motion to approve the minutes of the April 13 meeting. The motion was seconded by Mr. Hutchison. All those present voted aye. Motion carried.

II. PUBLIC HEARINGS

Our first case this evening:

CUP-389-2023 – Request for a Conditional Use Permit (CUP) to allow an Accessory Dwelling Unit (ADU) in an R-2 (One Unit Residential) zoning district, located at 1340 South Lincoln Street, Lot 11-12 S ½, Block 13, Butler Addition. Applicants: Amanda and Matthew Neely.

Craig Collins, City Planner, presented the staff report and entered 5 exhibits into the record. There were two (2) staff recommended conditions and there were no public comments submitted.

Matt Neely, 1340 S Lincoln, spoke as representative for the case. Mr. Neely indicated that when he and his wife purchased the property a year ago, a garage with an apartment was existing on the property. When pulling permits to complete renovation work, it was discovered that the existing structure had never been approved. The application is an attempt to rectify this oversight by the previous owner.

Chairperson McIntosh confirmed with the applicant that he understands the staff recommended conditions.

There being no others to speak, Chairperson McIntosh closed the public hearing and entertained a motion to approve, approve with conditions, deny, table, or postpone to a date certain **CUP-389-2023** regarding the request for a Conditional Use Permit (CUP) to allow an Accessory Dwelling Unit (ADU) at 1340 S Lincoln St.

Noting that the Planning and Zoning Commission has considered all relevant factors (pg. 3 of this staff report), including, but not limited to, those set forth in Section 17.12.240(H), and find that:

1. The Conditional Use is consistent with the spirit, purpose, and intent of this Title; will not substantially impair the appropriate use of neighboring property; and will serve the public need, convenience, and welfare;
2. The Conditional Use is designed to be compatible with adjacent land uses and the area of its location.

Ms. Plocek moved to approve case **CUP-389-2023** with the two (2) recommended conditions stated in the staff report. The motion was seconded by Mr. Wingerter. All those present voted aye. Motion carried.

III. SPECIAL ISSUES

There were none.

IV. COMMUNICATIONS

A. Commission:

There were none.

B. Community Development Director/City Planner:

Craig Collins, City Planner, reported that the Lyric (230 W Yellowstone) will be used for both City Council meetings and Planning and Zoning meetings during the renovation of City Hall, beginning with the June meetings.

C. Council Liaison:

Councilor Steve Cathey reported that the Council passed the zoning amendment for Majestic Mountain (area located off of Iris by the Paradise Valley pool), but that Council has been receiving comments from the local citizens against the continuation/cut through of Camellia, which currently ends in a cul-de-sac. This portion of the development of that area has not yet come before Planning and Zoning, but Mr. Collins has already sent out a message addressing this concern.

Councilor Cathey also noted that the Poplar Street bridge will be closing May 15th.

D. OYD and Historic Preservation Commission Liaisons:

OYD – As liaison, Mr. Hutchison reported that subcommittees are in process of developing plans for various projects in the district.

HPC – Mr. McIntosh, as liaison, reported that May is going to be Historic Preservation Month and the Commission produced placemats highlighting the history of Sherrie’s Place.

The HPC will also be creating Christmas ornaments based on historic locations for sale to the community as a fundraiser for the Commission. The first will be Natrona County High School.

E. Other Communications

There were none.

V. **ADJOURNMENT**

Chairperson McIntosh adjourned the meeting at 6:25 pm.

The replat proposes to reconfigure the existing three (3) lots into two (2) new lots. The property is zoned C-2 (General Business), and is currently occupied by a commercial structure at the south end. Proposed Lot 1 is 7,702 square feet in area and proposed Lot 2 is 9,324 square feet. There is no minimum lot size requirement in the C-2 (General Business) zoning district. Similarly, there are no minimum building setback requirements; therefore, the reconfiguration of the lots will not create any setback violations. June 1, 2023

MEMO TO: Michael McIntosh, Chairperson
Members, Planning and Zoning Commission

FROM: Liz Becher, Community Development Director
Craig Collins, AICP, City Planner

SUBJECT: **SUB-417-2023, ZOC-418-2023 & ANX-419-2023** – Request to annex 0.85-acres, more or less, being a portion of the SE1/4SW1/4, Section 7 and NE1/4NW1/4, Section 18, T. 33N, R78W, 6th P.M., Natrona County, Wyoming, and to incorporate said property into a vacation and replat of Lots 48-53, Elkhorn Village Addition No. 2, to create a new subdivision named “Elkhorn Village Addition No. 3”, located at the northeast corner of East 12th Street and Elkhorn Valley Drive. The request also includes a proposed zone change of the 0.85-acre parcel from County zoning to City zoning classification R-2 (One Unit Residential). Applicant: Blackmore Homes, Inc.

Recommendation on Annexation:

If, after hearing public testimony and considering the facts of the case, the Planning and Zoning Commission finds that the requested annexation meets the requirements of the Casper Municipal Code and Wyoming State Statutes, staff recommends that the Planning and Zoning Commission grant an approval of the annexation and forwards a “do pass” recommendation to the City Council.

Recommendation on Plat:

If, after hearing public testimony and considering the facts of the case, the Planning and Zoning Commission finds that the proposed plat meets the minimum requirements of the Casper Municipal Code, staff recommends approval with a “do pass” recommendation to the City Council with the following recommended conditions:

1. The applicant/owner shall dedicate right-of-way to the City of Casper for the extension of East 12th Street, to the eastern boundary/lot line of proposed Lot 5 within twelve (12) months of the approval of the Elkhorn Village Addition No. 3.
2. The applicant/owner of Elkhorn Village Addition No. 3 shall participate in the cost of constructing East 12th Street to the east property line along Lots 1-5 of Elkhorn Village Addition No. 3 when necessitated by further development to the east. The applicant/owner agrees to the inclusion of this requirement for

participation when a subdivision(s) agreement for Elkhorn Village Addition No. 3 (or an agreement for the same property area if Elkhorn Village Addition No. 3 is replatted) is executed between the City and applicant/owner. The City anticipates that the applicant/owner will be responsible for one half of the total costs of the design, engineering and street construction, subject to review and approval by the Casper City Council. The applicant/owner also agrees that the requirement for participation shall run with the land and apply to all heirs, successors, assigns, grantees and transferees.

Recommendation on Zoning:

If, after hearing public testimony and considering the facts of the case, the Planning and Zoning Commission finds that the proposed R-2 (One Unit Residential) zoning of the annexed property meets the minimum requirements of the Casper Municipal Code and is in conformance with the Comprehensive Land Use Plan, staff recommends that the Planning and Zoning Commission grant an approval of the zone change request and forwards a “do pass” recommendation to the City Council.

Code Compliance:

Staff has completed all requirements of Sections 16.24, 16.36, and 17.12.170 of the Casper Municipal Code pertaining to plats, annexations and zone changes, including notification of property owners within three hundred (300) feet by first class mail, posting public notice on the property, and publishing legal notice in the Casper Star-Tribune. **At the time the staff report was prepared, staff had not received any public comments on this case.**

Applicable City Codes and Adopted Policies/Plans

1. The Planning and Zoning Commission’s decision with regard to the annexation and plat are recommendations to Council. With an approval, a “do-pass” recommendation will be forwarded to Council, and with a denial, a “do-not-pass” recommendation will be forwarded.
2. The minimum lot size requirement in the R-2 (One Unit Residential) zoning district is 4,000 square feet.
3. If the Planning and Zoning Commission “approves” the zone change, it will advance to the City Council for their consideration, with a “do-pass” recommendation from the Commission. However, if the zone change is denied by the Commission, the zone change will not progress to City Council unless an appeal is requested, in the manner specified by Code.

4. Conditions of approval are appropriate with respect to plats; however, no conditions of approval may be attached to zone changes.
5. The following is a list of permitted uses in the R-2 (One Unit Residential) zoning district:
 - A. Conventional site-built single-family dwellings and manufactured homes with siding material consisting of wood or wood products, stucco, brick, rock, or horizontal lap wood, steel or vinyl siding;
 - B. Day-care, adult;
 - C. Family child care home;
 - D. Parks, playgrounds, historical sites, golf courses, and other similar recreational facilities used during daylight hours;
 - E. Schools, public, parochial, and private elementary, junior and senior high;
 - F. Neighborhood assembly uses;
 - G. Neighborhood grocery;
 - H. Group home;
 - I. Church.

Before any territory is eligible for annexation, the governing body of any city or town, at a hearing as provided in W.S. 15-1-405, shall find that:

- (i) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town;
- (ii) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town;
- (iii) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed;
- (iv) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407;
- (v) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410; and

- (vi) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a).

Summary:

Application has been received for the creation of the Elkhorn Village Addition No. 3, located at the northeast corner of Elkhorn Valley Drive and East 12th Street. The subdivision includes a replat of six (6) existing lots in the Elkhorn Village Addition No. 2, and an annexation of 0.85-acres, more or less. The existing lots are currently zoned R-2 (One Unit Residential), and the area being annexed is requested to be R-2 (One Unit Residential) in order to integrate into the existing lots. The purpose of the annexation and replat is to increase the size of the existing lots, to eliminate one (1) lot, and to create five (5) newly configured lots for single-family residential development. All uses in the area are single-family residential, and all surrounding lots are also zoned R-2 (One Unit Residential). The property being annexed is contiguous with the City limits along its west property boundary.

Staff has included two recommended conditions of approval with the replat. As shown on the Elkhorn Village Addition No. 3 plat, there is a gap of missing 12th Street right-of-way located adjacent to proposed Lot 5. The first condition requires that the applicant/owner dedicate the missing piece of right-of-way to the City within twelve (12) months. The second condition allows for the deferment of the construction of East 12th Street. As is customary, corner lots are responsible for the construction of road on both sides of the lot. Additional depth and street frontage is being added adjacent to Lot 5; however, in that the necessary right-of-way has not yet been dedicated, the City is proposing to allow the construction of the extension of 12th Street to occur at an undetermined time in the future, when necessitated by further development to the east, or by some other unknown trigger. The applicant has indicated that no further development is planned to the east of this subdivision in the foreseeable future.

Applicant: JTL Group Inc. dba Knife River.

Recommendation on Annexation:

If, after hearing public testimony and considering the facts of the case, the Planning and Zoning Commission finds that the requested annexation meets the requirements of the Casper Municipal Code and Wyoming State Statutes, staff recommends that the Planning and Zoning Commission grant an approval of the annexation and forwards a “do pass” recommendation to the City Council.

Recommendation on Plat:

If, after hearing public testimony and considering the facts of the case, the Planning and Zoning Commission finds that the proposed plat meets the minimum requirements of the Casper Municipal Code, staff recommends approval with a “do pass” recommendation to the City Council with the following recommended condition:

1. At such time as directed by the City, the Owner shall construct standard City sidewalk along Bryan Stock Trail along the property frontage.

Recommendation on Zoning:

If, after hearing public testimony and considering the facts of the case, the Planning and Zoning Commission finds that the proposed C-4 (Highway Business) zoning of the annexed property meets the minimum requirements of the Casper Municipal Code and is in conformance with the Comprehensive Land Use Plan, staff recommends that the Planning and Zoning Commission grant an approval of the zone change request and forwards a “do pass” recommendation to the City Council.

Code Compliance:

Staff has completed all requirements of Sections 16.24, 16.36, and 17.12.170 of the Casper Municipal Code pertaining to plats, annexations and zone changes, including notification of property owners within three hundred (300) feet by first class mail, posting public notice on the property, and publishing legal notice in the Casper Star-Tribune. **At the time the staff report was prepared, staff had not received any public comments on this case.**

Applicable City Codes and Adopted Policies/Plans

1. The Planning and Zoning Commission's decision with regard to the annexation and plat are recommendations to Council. With an approval, a "do-pass" recommendation will be forwarded to Council, and with a denial, a "do-not-pass" recommendation will be forwarded.
2. There is no minimum lot size requirement in the C-4 (Highway Business) zoning district.
3. If the Planning and Zoning Commission "approves" the zone change, it will advance to the City Council for their consideration, with a "do-pass" recommendation from the Commission. However, if the zone change is denied by the Commission, the zone change will not progress to City Council unless an appeal is requested, in the manner specified by Code.
4. Conditions of approval are appropriate with respect to plats; however, no conditions of approval may be attached to zone changes.

Before any territory is eligible for annexation, the governing body of any city or town, at a hearing as provided in W.S. 15-1-405, shall find that:

- (i) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town;
- (ii) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town;
- (iii) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed;
- (iv) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407;
- (v) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410; and
- (vi) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a

summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a).

Summary:

Application has been received for an annexation, plat and zone change to create the JTL Group Inc. Addition, located at 1461 Bryan Stock Trail. The property in question is 4.78-acres, more or less, and is occupied by the Knife River company. The requested zoning for the property is C-4 (Highway Business). The property is contiguous, on its west side, to the existing Casper City limits along Bryan Stock Trail. Existing land uses in the area are a mix of industrial and park/open space. The proposed subdivision consists of a single lot, and the applicant's stated reason for wanting to annex the property into the City is to obtain public utilities (water and sewer) for the property. According to the applicant, the property suffers from environmental conditions that preclude the use of water wells and septic systems. The property is developed, located in proximity to properties currently receiving City services, and the provision of water and sewer will benefit the property owners as well as the City by alleviating environmental contamination concerns.

Staff has included a single recommended condition of approval that reiterates the City's Code requirement to provide sidewalk along all City properties. In that there are no connecting sidewalks in the area, the condition defers the requirement to construct sidewalk until an unknown future date.
