

Adopt A Street Sponsorship Agreement

(a non-binding contract)

1. Sponsor will keep the area (described below) free from litter:

2. Sponsor will arrange to have a cleanup of the area (described above) at least three times a year. Additional cleanup times are encouraged, and sponsor may secure the services of a service group or non-profit organization to perform cleanups.
3. Keep Casper Beautiful, an affiliate of Keep America Beautiful, sponsors the Great American Cleanup from March 1 through May 31, and Sponsor is encouraged to participate in this program by scheduling one of its cleanups within the March to May timeframe.
4. The City of Casper will provide litter kits for Sponsor to borrow. Litter kits contain trash bags, cotton jersey gloves, and safety vests. Arrangements to borrow litter kits can be made by calling 235-7562 or 235-8246. Other equipment such as litter tongs and shovels may also be available for loan.
5. Sponsor must have "Volunteer Registration/Release of Claim" signed for every cleanup participant and turned into Keep Casper Beautiful.
6. Sponsor can dispose of the collected trash at the Balefill free of charge or can make arrangements with the City of Casper for a pick up of the collected trash. Sponsor will work with the City of Casper to obtain a Balefill Pass or arrange an agreed upon site to place collected trash for pick up.
7. Sponsor will review the "Safety Instructions and Tips for Cleanups" with all volunteers prior to cleanups.
8. Sponsor will complete a "Cleanup/Beautification Results Summary" after each cleanup. Completion of this summary form is important for tracking cleanup efforts in the community.
9. The City of Casper will post an authorized Adopt-A-Street sign for the Sponsor's adopted area. Sponsor's name will be displayed on the sign, and the sign will be posted after the Sponsor's first cleanup has occurred.

No contractual, equitable, or other indemnification or assumption of liability is created or intended by this agreement. Adopt-A-Street is a program developed by the Casper Area Chamber of Commerce, Keep Casper Beautiful, and the City of Casper that encourages interested businesses and organizations to enter into an informal arrangement to keep an adopted area free from litter.
