

## ***SUSPICIOUS TRANSACTION REPORT***

Methamphetamine can be produced by using large quantities of legal, over the counter products you offer for sale. Please complete as much of the following information as possible if you suspect a customer of procuring your product(s) for the purpose of illegally manufacturing methamphetamine. The information provided will be treated as confidential. Bear in mind that often the purchase of these items is for a legitimate purpose and the individual whose name appears below may not necessarily be engaged in criminal activity.
