Thank

Dear Mayor Powell,

My name is Anna Hahn, a twenty-four-year-old citizen of Casper with a serious concern regarding our city. I hope you would kindly consider my concern, expressed in this letter.

I am aware that a woman has been permitted to ride topless through Casper's downtown streets, exposing herself to the public. This is very distressing for several reasons. First, such action is extremely offensive, forcing Casper's citizens to view what, in other contexts, would amount to pornography or a restricted rating in the theater. As a young woman, I find this particularly shameful and even threatening. I feel neither respected nor safe in a community that allows a public spectacle to be made of the naked female body.

Furthermore, permitting public nudity jeopardizes the safety of Casper's children. I am a teacher at Mount Hope Lutheran School in Casper, and I am greatly concerned for the effect this will have on my young students. Other laws in our country, such as restricted admission to clubs and movies, protect minors from seeing the bare breasts of a woman. When these laws are absent, something as simple as a field trip to the public library could become an irreparably confusing and harmful event.

Casper is known to be a welcoming, family-friendly community. Please take action to protect the reputation of our city, the dignity of our women, and the safety of our citizens, especially our children.

Sincerely and respectfully,

A handwritten signature in cursive script that reads "Anna Hahn".

Dear Mayor Powell,

We pray this letter finds you well. We are writing for the sake of our children, and specifically the children committed to our care as the Board of Education of Mount Hope Lutheran School. We are sure you are aware of the repeated occurrences of a woman riding her scooter around Casper revealing her bare breasts to the public. While we ourselves, as adults, find this extremely offensive, we are far more concerned for our children and what this is doing to negatively affect them. They deserve better than to see public nudity in our city. For good reason, it is against Casper City ordinance to indecently expose oneself. It is the right of parents to shield their children from female frontal nudity. This right is universally understood in our country. Children cannot, without parental guidance, see a movie in the theater featuring female frontal nudity. The city, by failing to enforce its own laws against indecent exposure, is robbing parents of this fundamental right to raise their children without being forced to see women exposing themselves.

Our city has been known for a long time as a great place to raise a family. The allowance of public nudity in our city is threatening our status as a family-friendly community. We are asking you please to act on behalf of our children and to direct law enforcement to enforce our laws against indecent exposure. If this continues and increases because of lack of enforcement, the damage to our city's reputation will be tremendous and the hurt and confusion caused our children will be a travesty.

Please keep the children of our city safe.

Respectfully signed,

A handwritten signature in blue ink, appearing to read "Larry Harrington".

Subject: A Springboard to Success

Climb

Restoring Hope for Generations—

Please join us in congratulating our graduates from the
Certified Nursing Assistant (CNA) training in Casper.

"The incredibly dedicated and resourceful women in this CNA training showed up open and ready as they put in a lot of hard work to navigate barriers to their success and conquer past struggles. They have a strong drive to use this training as a career springboard, and one grad already has plans to enroll in college.

"I loved the diversity of my group. We found that it didn't matter our age or background. Just sharing the experience of being a single mom was enough to open up so many opportunities for growth."

— Christine, Program Participant

CNA's are so in need here in Casper that these graduates will have a positive impact as they contribute to a wide range of healthcare services. Our community really benefits from their clinical skills and compassionate caregiving."

— Grace Torres, Program Director

Casper Friends –

Hello! I would like to introduce myself as Climb Wyoming's new Casper Program Director. I am so excited to be working with a highly skilled team that is passionate about moving families out of poverty.

The common thread in my background is a love for creating connection and community. Even though I've done everything from accounting and finance to business management and the arts, my focus has always been helping people get to where they want to go.

I am continually impacted and in awe of the women we serve and how smart and resourceful they are. Being able to watch them reach their goals always amazes me.

All the Best,

Grace Torres
Casper Program Director
