**To:** Renee Jordan-Smith <rjordansmith@casperwy.gov>; Carter Napier <cnapier@casperwy.gov>

**Subject:** FW: 3rd Quarter Crime Report

Renée and Carter,

Here is the PD 3<sup>rd</sup> Quarter Crime report. Please forward to the current and incoming councilpersons. The end pages of the report highlights crimes occurring in each Ward.

Of note is the trending rise in serious, Part 1 crimes despite an overall decreasing calls for police service during the year of COVID. In other words, serious crime is up while “normal”, less-serious crime is generally down.

Respectfully,

Keith McPheeters  
Chief of Police  
Casper Police Department

Office: 307-235-8225

# 2020 Crime Report

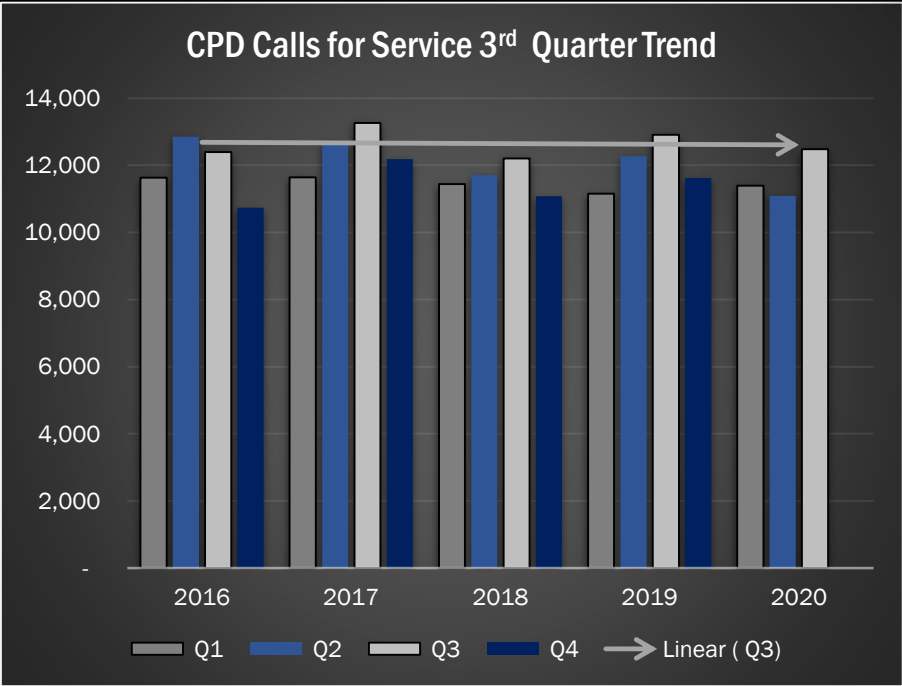

## Third Quarter

The Casper Police Department is dedicated to the protection and safety of our **community** through the highest standards of professionalism in police services.

**ourcommunity**  
protection · safety · professionalism

2018	770	709	709	731	2,919
2019	597	765	799	935	3,096
2020	648	674	897		2,219

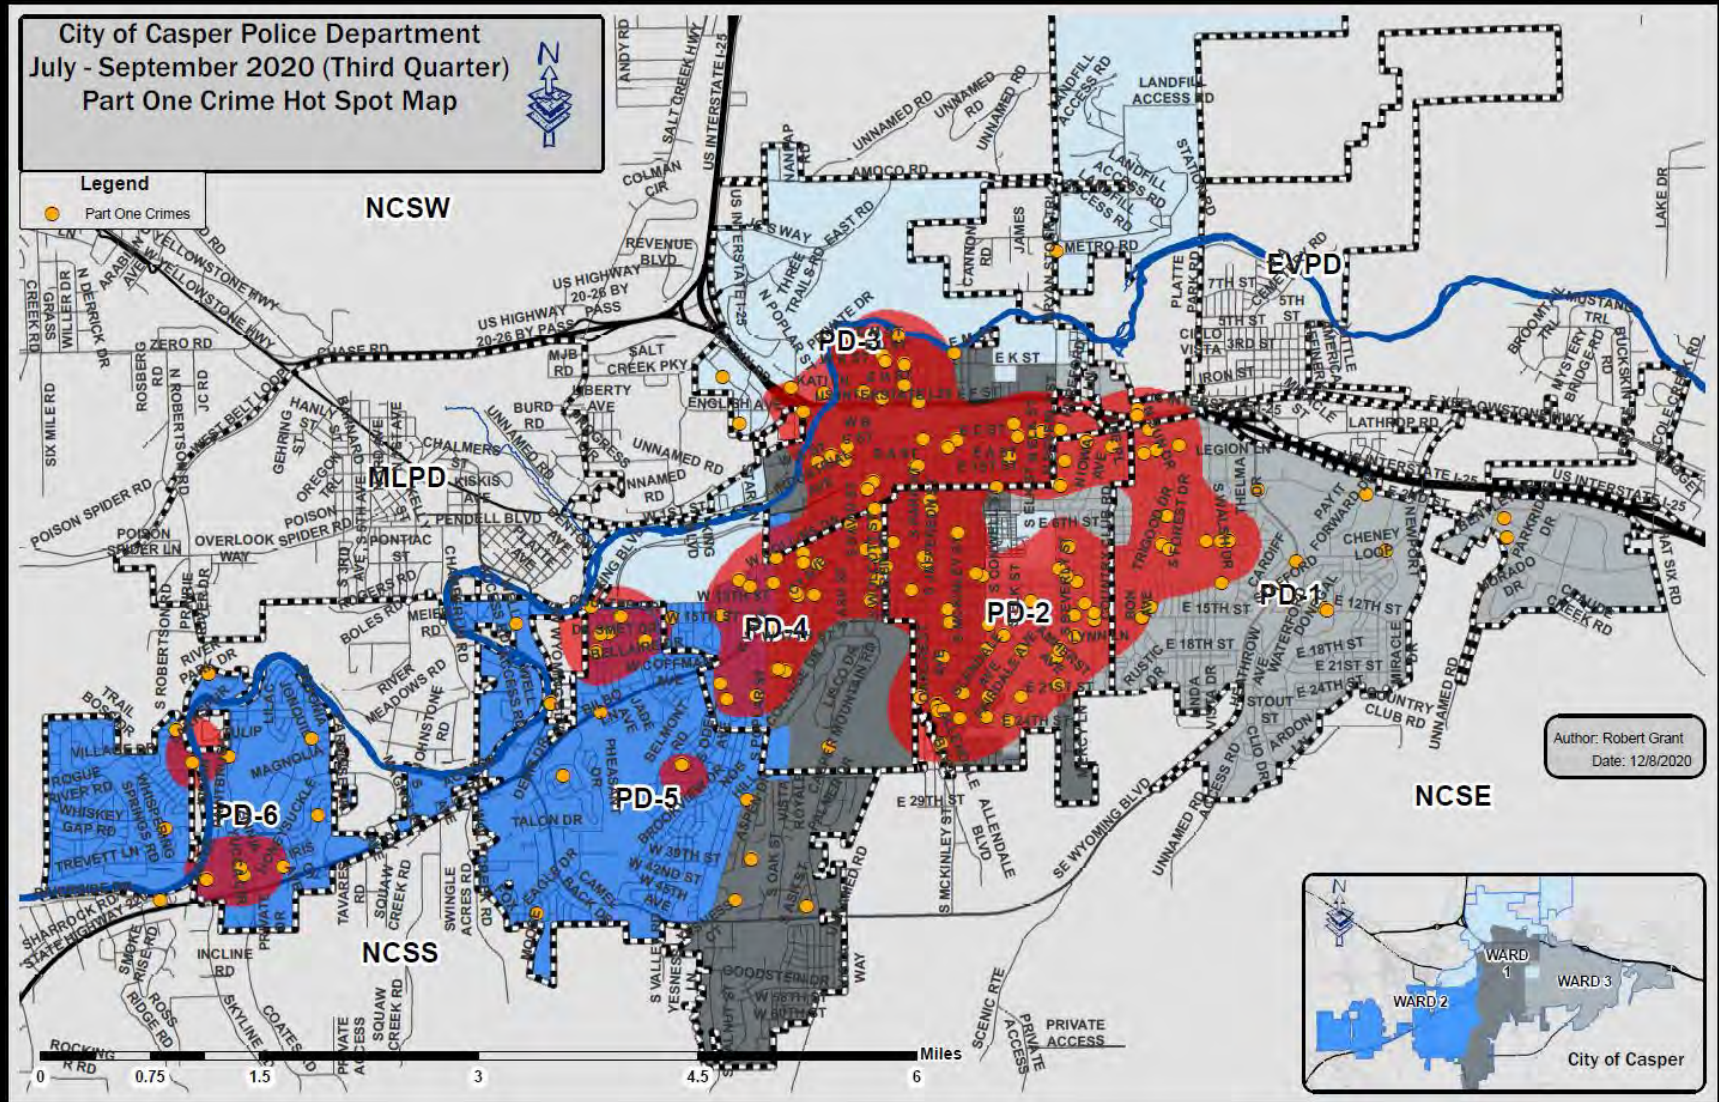

Part One Crimes: Hot Spot Map

Hot Spot Analysis is determined by Kernel Density. In statistics, kernel density estimation (KDE) is a non-parametric way to estimate the probability density function of a random variable. Kernel density estimation is a fundamental data smoothing problem where inferences about the population are made, based on a finite data sample.

Part One Crimes

An active approach to limiting the number of impaired drivers on our community’s roadways has been, and remains, a top priority of the Casper Police Department. Our officers are highly trained in identifying impaired drivers, whether they be under the influence of drugs, alcohol, or both. CPD is committed to the prevention of impaired driving and remains diligent in our efforts to hold accountable those who choose to irresponsibly endanger the lives of others.

- Statistical Findings:

UCR Reporting (Uniform Crime Reporting)

The FBI's Uniformed Crime Reporting Program's primary objective is to generate reliable information for use in law enforcement administration, operation, and management. Over the years, however, the data has become one of the country's leading social indicators. Data is received from more than 18,000 city, university and college, county, state, tribal, and federal law enforcement agencies voluntarily participating in the program. The program has been the starting place for law enforcement executives, students of criminal justice, researchers, members of the media, and the public at large seeking information on crime in the nation. Below is the data reported for Casper.

	Quarter 3 2020	Quarter 3 2019	Percent Change	Average	Percent from Average	Normal Range	Year to Date	Previous Year to Date	Year to Date Percent Change

**Subject:** COVID-19 Vaccine - Partner Update December 2020

Good Afternoon WAM,

Attached is a letter regarding the current status of COVID vaccine distribution for Wyoming. This letter also contains information about future availability of the vaccine. Please share this information with your stakeholders. Please reach out to Angie Van Houten with the Wyoming Department of Health at (307) 777-2067 or [angie.vanhouten@wyo.gov](mailto:angie.vanhouten@wyo.gov) with any questions.

December 18, 2020

Ref: SP-2020-088

Dear WDH Partner:

The COVID-19 vaccine is arriving in states and is currently in limited supply. States will continue to receive limited allocations in the coming weeks. At this time, the vaccine is being administered to specific populations. Those who will be eligible to receive the vaccination in the next several weeks include:

- ▶ Persons working in healthcare who have regular potential for exposure to COVID-19 patients;
- ▶ Persons who have regular exposure to those who are potentially positive for COVID-19, or those who are exposed to infectious materials.
- ▶ Persons who reside in a long-term care facility or setting.

A more detailed list of the groups included in this first phase, Phase 1a, can be found [here](#). COVID-19 vaccine is being allocated to counties and then further allocated to hospitals and local public health agencies. Five counties received vaccine during the week of December 14. Going forward, all counties will receive allocations of vaccine. As vaccine becomes available, local public health or hospitals will reach out to agencies and entities that employ individuals who fit within the Phase 1a group to make plans for administering vaccine to those individuals. This communication may not be immediate, but will occur as soon as vaccine becomes available to specific groups. Scheduling will take place once the vaccine is available locally through hospitals or local public health agencies. As additional vaccine becomes available, local public health agencies will continue to reach out to specific groups as they become eligible to receive the vaccine.

Vaccination of long-term care and assisted living facility residents is being coordinated through a federal partnership with two national pharmacy chains, as well as with local public health offices. This effort will tentatively begin in early January.

Due to limited vaccine availability and the need to vaccinate groups in Phase 1a, vaccine is not yet available for other groups or the general public. We do not have an exact timeframe for

when the vaccine will be more readily available, but expect it will be months before the general public will be able to receive the vaccine. As such, it is important to continue following our primary recommendations of wearing masks, social distancing, frequent handwashing, and staying home when ill.

Please visit the [Wyoming Department of Health website](#) for more COVID-19 vaccine resources. Information on the remainder of the phases will be forthcoming as we move forward in vaccinating Wyoming. If you have any additional questions, please contact Angie Van Houten, Community Health Section Chief, at [angie.vanhouten@wyo.gov](mailto:angie.vanhouten@wyo.gov) or 307-777-2067.

Sincerely,

Stephanie Pyle, MBA, Senior Administrator

**Subject:** WAM Update on Direct Distribution

Good Afternoon WAM!

First, let me start by thanking all of you that took the time to reach out to members of the Joint Appropriations Committee yesterday to let them know just what Direct Distribution means to your communities. The debate on potential cuts to Direct Distribution got pushed to this morning, and it was very obvious many of the committee members had taken your words to heart. As you will remember, Governor Gordon recommended a 10% cut to the \$105 million Direct Distribution pool (\$10.5 million) in his supplemental budget request. We had argued that given the first half of the Direct Distribution will already have been received by the time any new legislation could take effect, that we would suffer the equivalent of a 20-percent cut to the second year of the biennium. Taking that into account, Senator Schwartz amended the bill to cut the Governor's recommended reduction in half to \$5.25 million. The bill in this amended form passed the committee unanimously.

While we would all much prefer that the legislature leave the original \$105 million appropriation intact, a 5-percent reduction would leave us as one of the least affected groups in a round of state budget cuts that has most state agencies cutting between 15 and 20-percent, and shuttering dozens of state-funded programs. This bill will now move along to the legislature and will be considered when they convene either as scheduled starting January 12<sup>th</sup>, 2021, or as we currently expect as a part of a delayed session most likely in May. While there will most likely be attempts during the session to raise or lower the proposed 5-percent cut, we are heartened that the number and discussion coming out of JAC reflects the legislature's motivation to minimize the negative financial impacts to our cities, towns and counties as the state faces incredibly tough times.

We will of course continue to monitor all of these situations and work on your behalf as the session approaches and will pass along any news as it becomes available.

Stronger together!

## **Casper's Council of People with Disabilities**

### **MINUTES from Meeting Held on Thursday, December 17, 2020 at 11:30 AM Participation via Microsoft Teams Online**

Attendees: Voting Members: Austin Berlin, Chairperson; Nikki Green, Vice-Chairperson; Renate Pullen, Secretary; Zulima Lopez, Treasurer; Masha Flinn, Linda Jones, Michelle Onstott, John Wall, Bonnie Wilson

Liaisons, Alternates & Guests: Dominique Maestas, Wyoming Relay Service; Jeremy Yates, Supervisor CMPO; Renee Hardy, Technician with CMPO; Liz Becker, City of Casper Community Development Director

1. Roll Call
2. Presentation Regarding Strategic Transit Development Plan from CMPO and City of Casper Community Development: Jeremy Yates, Supervisor of the Casper Metropolitan Planning Organization (CMPO), presented to the CCPD regarding the Strategic Transit Development Plan, with input from Liz Becker, City of Casper Community Development Director. As a requirement of the FTA grant received, every 5 years the CMPO is required to complete a Strategic Transit Development Plan. Consultants are assisting in the completion of this plan. The steps include:
  - a. Complete evaluation of the service as it is now (CATC and The Bus)
  - b. Produce a 5-year business plan looking forward
  - c. Produce a twenty-four month marketing plan for the service
  - A CMPO survey has been completed, and this has been extended to try to get more responses.
  - 2 stakeholder meetings were held and public workshops were held in the community;
  - The CCPD Transportation Survey results were forwarded to the CMPO and to the consultants to assist in the plan.
  - February, 2021 meetings to be scheduled to get more public input.
  - Jeremy Yates will be meeting with Zulima prior to the January 12<sup>th</sup> presentation to the City Council work session so we can work together.
  - Issues identified in the CMPO survey and meetings include weather, how long someone has to be at the stops and wait for the service; How do the facilities, or lack thereof, affect the service. Fare increases are not being considered.
  - Zulima provided an update from the CCPD Transportation survey – Transportation during evenings and weekends is important. The CCPD would like to work with transportation providers to push them to have options for the disabled community at these times. The CCPD wants to look at discounted tokens for the bus or vouchers for use with other transportation options. After discussion, possible priority for the CCPD would be to distribute the CATC or Bus tokens or vouchers to the disabled community that needs them.
  - Jeremy Yates also confirmed that the consultants and CMPO are looking at options such as Uber and Lyft to provide discounted rides to the disabled community. Also rideshare options with taxis are being considered.
  - Bonnie shared concern with lead time needed to arrange a ride with CATC as it can take 2 weeks advance notice. If the ride is missed, the person can be waiting for an hour for another bus to come by on the set routes.
  - The CCPD can share the link to the CMPO transportation survey on its Facebook page.

- John asked if the surveys were on the buses for riders to complete and turn in. Jeremy confirmed they were on the buses, and that he and the consultants rode on the bus routes to try to encourage people to complete the surveys for 4-5 days.
  - Zulima mentioned the Senior Center as a resource to distribute the surveys.
3. Minutes from November 19, 2020 Meeting – John made a motion to approve the minutes, and Nikki seconded the motion. The CCPD members approved the minutes from the previous meeting.
  4. City Council Representative to address any City of Casper business that may affect or be of interest to the CCPD: Nothing presented.
  5. Question & Answer (Q & A) with the City Council Representative: Nothing to report.
  6. Old Business:
    - Discuss updates from Committees since the previous CCPD meeting to address established priorities as listed below:
      - QOL Committee – Zulima Lopez, Chairperson
        - Public transportation priorities & projects – The projects discussed at last month’s meeting will need presented at a City Council work session for approval prior to moving forward. This will be presented on January 12, 2021. Renate made a motion to allow for adjustments to the transportation priorities based on the discussion and meeting with Jeremy Yates. Bonnie seconded the motion and the CCPD approved the motion.
      - Public Relations (PR) Committee – John Wall, Chairperson
        - John updated the group that grocery stores have added seating for the disabled community as he discussed concern at our October, 2020 meeting. John wanted to thank anyone who had a part in this.
        - Masha relayed that her service animal, Sawyer, passed. As part of the PR Sub-Committee with John she hasn’t seen any updates needing discussed.
        - The CMPO transportation survey has been posted to the CCPD Facebook page, but Austin will check again and re-post it.
      - Events Committee – Nikki Green, Chairperson
        - No update on the redesign of the logo. This is pending.
        - Nikki provided information on a training event for students provided by the organization Purposeful People. Nikki received a request from Purposeful People to work with pre-employment transition students at the high schools in Casper. The next block of learning for the students is public service. Masha volunteered to present with Nikki at their event on January 4<sup>th</sup> and 5<sup>th</sup>, 2021 at 4:30 PM.
      - Fundraising Committee – Linda Jones, Chairperson
        - Calendar Fundraising Project Update – Linda provided an update on the project. The full calendar was presented with screen sharing for review by the CCPD and input was received on dates to recognize and include. It was decided the months recognizing disabilities would be in red. Zulima will be putting together a survey on survey monkey to vote on images for the calendar.
  7. New Business:
    - a. Financial Report – Presented by the Treasurer – The Financial Report is unchanged. There has been no additional revenue received or expenses incurred.

- b. The CMPO Transportation Study Stakeholder Workshop held on December 10<sup>th</sup> – Austin & Bonnie attended this meeting. Austin provided an update that topics discussed included expanded hours, weekend hours and possibly making it a free service. Austin reported that many concerns were expressed about making this service free, so that will not likely move forward. John asked about changing fixed bus routes, but that wasn't discussed as Austin reported. John wanted to know more about the VA Center, and Austin stated that wasn't discussed. Jeremy Yates reported that discussions are occurring with the VA, but nothing has been formally changed yet. CATC riders can get to the VA Center but the fixed route Bus doesn't have a route out there yet.
- c. The December 14<sup>th</sup> Platte River 1<sup>st</sup> Street Gateway Park Phase I Open House was not held. Zulima stated that the CCPD will be consulted regarding this moving forward as they would like the Council's input.
- d. Linda discussed that the Talking Books program is not being funded past June, 2022. This is for the visually impaired. John reported that the Foundation for the Blind is actively working on this. Petitions are going to the legislature to advocate for it. There are many organizations working and advocating for the program. Austin stated if information is sent to her, she can share it with the group.
- e. Liz Becker will be emailing an update on the art project downtown to Zulima to share with the group.

The meeting adjourned at 1:00 PM. The next scheduled meeting will be held online through Microsoft Teams and is scheduled on January 28, 2021 at 11:30 AM.

Minutes taken by: Renate Pullen, Secretary

# Natrona County Conservation District

FY2020 Accomplishments

In a Glance

## Water Quality & Water Quantity ~

- Converted 96 Acres of Previously Flood Irrigated Cropland to More Effective and Conservative Sprinkler Systems;
- Eliminated 10,760 feet of Earthen Ditch and Installed 10,255 feet of Pipeline;
- Installed 5 Livestock Wells and 20,897 feet of Pipeline to 12 Wildlife/Livestock Watering Facilities, Providing Water to 11,696 Acres;
- Investment in the Watershed (with Partners) — \$884,119 (WDEQ 319 Funding—\$76,584 EQIP — \$167,687 CAID—\$356,281, City/County \$140,835, Landowners—\$142,732);
- Monthly Water Quality Sampling at Eleven Sampling Sites Analyzed for Selenium;
- Water Quality Data Continues to Show a Downward Trend in Selenium Concentration in the Watershed.

## Education ~

- CAID Annual Meeting Presentation for 60 Irrigators;
- Legislative Luncheon and Annual Update for 45 Elected Officials;
- Presented a Partnership Building Talk at the NACD National Convention in Las Vegas for 50 Attendees;
- District Manager Received Master Gardener's Certificate to Better Serve our Landowners.

## Seedling Tree Sales ~

- Provided 5,200 Affordable Seedling Trees and Shrubs to 87 Landowners;
- Sold Planting Polymer and Weed Barrier to Protect Soils from Erosion and Moisture Loss.

## Surface Water Quality

Total watershed health is the top priority for the Natrona County Conservation District (NCCD). Watershed health includes all aspects of water quality (both chemical and biological), water availability, soil health and management, as well as rangeland quality. The NCCD works to maintain and improve the health of the watershed by implementing best management practices (BMPs) that are determined to be an effective and realistic means of preventing or reducing the amount of pollution generated by nonpoint sources to a level compatible with water quality goals.

Large deposits of Cody Shale are prevalent in the underlying geology of much of Natrona County. As a result, large concentrations of the heavy metal selenium are abundant within the soil. Due to the metal's characteristic of being highly soluble in water, the North Platte River and its associated drainages are quite vulnerable to high levels of selenium. The BMPs that are implemented by landowners in partnership with NCCD are primarily focused on the reduction of selenium transportation through the watershed, but also emphasize protection of water quality and promotion of soil conservation within our watershed.

For more information regarding the watershed and the efforts of the NCCD, please see our website at [www.nccdwyoming.com](http://www.nccdwyoming.com).

# Water Quality & Quantity in the Watershed

## Actual Completed Projects in FY2020 —

Flood to Sprinkler ~ **96 Acres**

Earthen Ditch Eliminated ~ **10,760 Feet**

Pipeline Installed ~ **10,255 Feet**

Wildlife/Stock Wells ~ **5**

Wildlife/Stock Pipeline ~ **20,897 Feet**

Wildlife/Stock Watering Facilities ~ **12**

Wildlife/Stock Water to **11,696 Acres**

Investment in the Watershed ~ **\$884,119**

## Projected Projects for FY2020 —

Flood to Sprinkler ~ **300 Acres**

Earthen Ditch Eliminated ~ **15,000 Feet**

Pipeline Installed ~ **15,000 Feet**

Wildlife/Stock Wells ~ **6**

Wildlife/Stock Pipeline ~ **20,000 Feet**

Wildlife/Stock Watering Facilities ~ **15**

Wildlife/Stock Water to **20,000 Acres**

Channel/Stream Bed Stabilization ~ **7 Structures**

## Water Quality Sampling —

Monthly Water Quality Sampling took place in FY2020 and continues into FY2021. The NCCD samples 11 different locations for total selenium. Annual water quality reports are compiled and reviewed for quality assurance by a licensed Environmental Engineering firm. Overall water quality has improved on a yearly basis.

## Education

FY2020—

- Hosted a Legislative Luncheon for elected officials to inform them of past and future projects in Natrona County;
- Participated in the Natrona County Natural Resource Management Plan process;
- Presented in Las Vegas at the National Association of Conservation District 2020 Convention.

FY2021—

- Central Wyoming Tree School held in October of 2020;
- Exploring educational options with the required social distancing requirements.

## Seedling Tree Sales

FY2020—

- Provided 5,400 trees at affordable prices to over 90 landowners;
- Assisted landowners with planning shelterbelts and tree selection.

FY2021—

- FY2021 Tree Program will see another 5,000 to 7,000 trees planted in Natrona County;
- Will continue to provide information on tree selection, planting techniques, and shelterbelt design in Natrona County.

# Budget Summary

## FY2020 Final & FY2021 Budget

| <b>NCCD Financials</b>                                             | <b>FY2020<br/>Final</b> | <b>FY2021<br/>Budget</b> |

# happy holidays

## 'TIS THE SEASON

THE PLATTE RIVER TRAILS TRUST BOARD WISHES YOU  
THE HAPPIEST OF HOLIDAYS!

Our group of twenty volunteer board members is committed to donating time, expertise and personal resources to bring our trail and non-motorized transportation projects to fruition. We hope your holiday season includes a leisurely stroll along the River Trail, or a trail closer to your home, with family and friends.

[Learn More About Why PRTT Board Members Choose To Serve](#)

## BOOK ARCH SCULPTURE IS NEW PEARL ON THE STRAND

**If you've looking for a fun famiyl stroll this holiday season consider** starting at the Tate Pumphouse and walking to Amoco Park to check out the new Book Arch sculpture.

This new work of public art was a fabulous outcome from our first annual Art for the Trails program. Created by Calvin Fenton and spearheaded by Dorothy Reimann and Rick Bonander, this sculpture is the newest pearl on the River Trail strand located steps from the iconic oil derrick sculpture.

Stay tuned for details about our 2021 Art for the Trails program!

2020 ANNUAL GIVING  
CAMPAIGN

HELP US *connect*  
PEOPLE TO PLACES

Your year-end donation will help us extend the River Trail to Robertson Road.

## YOU CAN HELP US CONNECT PEOPLE TO MORE PLACES

There is still time to make a donation to our Year End Campaign to help us extend the River Trail to Robertson Road. Your donation will help us create a safe and separate way to travel from the East Casper Soccer Complex to Robertson Road connecting parks, recreation and sports sites, businesses, schools and cultural facilities such as the Natrona County Library, the NIC and much, much more.

Your tax-deductible donation to the Platte River Trails Trust is truly a *GIFT TO YOUR COMMUNITY!*

Robertson Road between CY Avenue and the Riverview subdivision.
