Summary:

For more than 100 years, Big Brothers Big Sisters has operated under the belief that inherent in every child is the ability to succeed and thrive in life. As the nation’s largest donor and volunteer supported mentoring network, Big Brothers Big Sisters makes meaningful, monitored matches between adult volunteers (“Bigs”) and children (“Littles”), ages 5 through 18, in communities across the country, including Casper. We develop positive relationships that have a direct and lasting effect on the lives of young people.

Our Vision is that all children achieve success in life. Our Mission is to provide children facing adversity with strong and enduring, professionally supported one-to-one relationships that change their lives for the better, forever.

We will provide the council and community members with an overview of our Casper programs and information on how our programs and services affect the quality of life for the families we serve and the community as a whole.
