ADDENDUM NO. 1

for the

**MAINTENANCE CONTRACT FOR
SOLID WASTE FACILITY OVERHEAD DOORS AND GATES
CITY ENGINEERING PROJECT NO. 22-079**

for the

City of Casper, Wyoming

ADDENDUM DATE: February 9, 2023

PROJECT DESCRIPTION.

The project consists of the following work at the City of Casper Solid Waste Facility, located at 1886 Station Road, Casper, Wyoming 82609:

- Preventative Maintenance on overhead doors and powered gates.
- Routine inspections and inspection logs as required by Manufacturer's recommendations.
- Repair of overhead doors and powered gates as needed.

Qualified Contractors may submit proposals to provide maintenance and repair services for overhead doors **and/or** powered gates. The City of Casper reserves the right to award separate contracts for overhead door maintenance and repair services and powered gate maintenance and repair services.

SCOPE OF SERVICES:

C. Contractor shall perform **Semi-Annual Preventative Maintenance** on the following overhead doors:

1. Baler Building Doors 4-9.

Contractor shall perform **Annual Preventive Maintenance** on the remaining overhead doors.

Contractor shall perform **Semi-Annual Preventative Maintenance** on all powered gates.

D. The Preventative Maintenance shall include inspections of each gate and overhead door, including mechanical and structural elements, controls, settings, and safety devices.

Following each maintenance visit, a report shall be provided by the Contractor for each door and gate with dated notes, photos, work completed, and any recommended repairs.

TIMETABLE:

Such proposals will be received by the City of Casper Public Services Department, City Engineering Division, Casper City Hall, 200 North David Street, Casper, Wyoming 82601, until **5:00 p.m., Local time, March 10, 2023.**
